

COOPER FREE: POLICE TRIP HALTS

GIRL IS DRIVEN TO EXILE

Japanese Ardently Woos Former Student

ASYLUM IS SOUGHT IN ALASKA

Letters Written to Miss Loraine Andrews Bring Oriental's Ousting

Lover of Teacher to Get Liberty by Returning to Own Country

"I want to win your heart, as I said to you in my last letter. Dear, quit your teaching there at public schools as soon as possible and come to Seattle, Washington, or Vancouver, B. C., to meet me for a wedding. I am not crazy here in saying this. Please don't blame me as you did in your letter to Dr. Wilbur. I shall repay all your expenses which you will spend from Juneau to Seattle when I meet you there. So you must write me your plan first from Juneau."

Extracts from another letter showing the intensity of the Japanese minister in his love affair explain:

"I thought you are best woman to be my wife and I know you now for six or seven years since I met you first. Very surely I shall win your heart of course to be my wife. You intended to be my wife at various times at the University campus. Please do not tax me for anything you alone, you are just same like I am. You cannot escape your part responsibility."

—Rev. Kumaji Mori's letters to Miss Alice L. Andrews.

Six years of persistent letter writing on the part of a Japanese theological student to Miss Alice Loraine Andrews, graduate and former president of the Associated Women Students of the University of California, which finally drove the young woman to Alaska, today resulted in the apprehension of Rev. Kumaji Mori, head of the Unitarian Japanese mission, at 239 Sixth street, his examination before the sanity commission and a pledge that he would leave the country in lieu of prosecution by the federal government.

(Continued on Page 3, Col. 3.)

ARE YOU WINNER OF AUTOMOBILE OR PIANO?

Lucky Numbers Are Drawn From Box at Tribune Office; Who Has Right Coupon?

Out of a big box full of coupons was drawn yesterday afternoon in the business office of THE TRIBUNE one five-passenger fully equipped Detrollet automobile and a \$500 piano or piano player. It was not a sleight-of-hand trick, but the "real thing," so far as results are concerned, for the automobile and piano player are given away by THE TRIBUNE to the holders of the lucky numbers on the coupons. Roy Richardson, a lad, of 122 Market street, reached into the box out of the coupons. They were drawn out as follows:

FOR THE AUTOMOBILE.	
1. 28,004	6. 8,838
2. 6,300	7. 18,109
3. 15,618	8. 28,122
4. 8,824	9. 18,260
5. 10,312	10. 16,736
FOR THE PIANO-PLAYER.	
1. 25,322	6. 13,857
2. 13,567	7. 12,885
3. 19,445	8. 32,725
4. 2,283	9. 9,275

Whoever holds No. 28,004 will be entitled to take possession of the Detrollet automobile during the next ten days. If at the end of that time the number has not been presented then the second number drawn will be eligible. The second number will be

FIND BOMB IN U. S. OFFICE SECRETARY IS IN DANGER

WASHINGTON, June 2.—Five sticks of dynamite with burning fuses attached were found late today in the department of agriculture under the office of Secretary Houston. The fuses were extinguished before damage was done.

An employee of the department found the dynamite by accident and extinguished the fuses. The sticks were taken to police headquarters for examination. Some discharged employee is suspected.

The watchman, who claimed to have discovered the dynamite, was held pending investigation. Officers went in search of another employee recently discharged, who had also been making threats.

The police took Daniel H. Juch, the watchman who found the dynamite, to headquarters and expressed some doubts of his mental responsibility. The four sticks of dynamite were taken away in a bucket of water.

Later, at police headquarters, it was said Juch had confessed placing the dynamite, hoping that by discovering it he would win a promotion. His home is in Springfield, O.

LIGHT VOTE ON WATER PROJECT

Election Follows Lively Campaign for District Plan

With even a lighter vote than was cast at the recent bond election held on the auditorium project, this morning's ballot on the proposed municipal water district was one of the lightest ever cast in Oakland. Several precincts in North Oakland saw no voting whatever until shortly before 9 o'clock. Throughout the entire city the balloting was light, although reports from Berkeley and Alameda indicate a heavier vote there.

Toward noon the voting increased slightly, and election officers declared that the fog of the morning had hindered voters. It is estimated by city officials that the vote will not exceed 50 per cent of the registration in Oakland.

Meetings have been held nightly in all parts of the city by the Municipal Water District League, which is urging the formation of the district. Today the league members were out campaigning for the proposition, although they did

MT. LASSEN AGAIN IS ACTIVE

Smoke and Steam Above Crater Visible for Miles

REDDING, June 2.—Smoke and steam were plainly visible today from the forest supervisors' station at Mineral, sixteen miles distant, issuing from the new crater near the summit of Mount Lassen. Although the discharge of smoke, which was seen first Saturday, ceased at noon yesterday, the foresters reported today that clouds as great as those of yesterday were again to be seen spouting from the aperture in the old volcano.

In fact, doubt was raised today by W. J. Rushing, district forest supervisor at Mineral, as to whether the discharge of smoke and steam ever had.

There is a ridge lying between the forest station at Mineral and the site of Lassen's new crater, and this, Supervisor Rushing explained, would shut off a view of any column of smoke not more than a hundred feet high. Therefore, he said, he was inclined to believe that the disappearance of the smoke column at noon yesterday was caused by a change in the wind, which had blown the smoke pillar around behind the ridge.

SMOKE AROUND THE CRATER.

This theory of the supervisors was strengthened by the fact that at sunset last evening the discharge of smoke became visible again from Mineral.

Redding is fifty or sixty miles from Mount Lassen, on an air line, and though hundreds of spk glasses are turned on the peak from this morning the reward is a very unsatisfactory view, for the mountain top has been wrapped in a haze since the first report of an eruption near the old crater.

No flames have been seen shooting from the mountain at any time, but hot rocks and ashes were found in abundance near the new crater by a forest ranger.

An expedition party of four left Drake's Springs, on the southern slope of the mountain, this morning for the new crater on the north slope near the summit. They should reach the summit, where the old crater is, sometime today.

Kinswoman of Jack London, Author, Dies

Mrs. Ida Byrne, step-daughter of Mrs. Flora London, mother of Jack London, the novelist, died this morning at the East Bay Sanitarium. She had been ill for a long period and recently underwent an operation.

Since the age of four Mrs. Byrne made her home with her stepmother in this city. She was educated in the public schools of Oakland.

Mrs. Byrne was born in Illinois and was

HODGKINS STOPPED AT DEPOT ON WAY TO SOUTH AFRICA

Inspector St. Clair Hodgkins (right) starting for South Africa to get "Sir" Harry Westwood Cooper. The picture was taken at the S. P. Station, which is as far as the inspector got before a legal mix-up stopped him. The suitcase filled with documents in the Cooper case is seen with Harry Wallman on guard.

CRIMINAL IS TURNED LOOSE

Plans for Extradition of Bogus Nobleman Fail

Chief Petersen Blames District Attorney for Mix-up

That while District Attorney W. H. L. Hynes, in his official capacity, formally requested requisition papers for "Sir" Harry Westwood Cooper, held in South Africa for the police, he, in his private capacity urged the man's release and withheld all information regarding this matter from the Oakland Police Department, is the charge made by Chief of Police Walter J. Petersen this morning following the news of the famous criminal's release in South Africa, on the very eve of the departure of a detective for South Africa to bring him here for trial.

The City Council had already appropriated money for the trip of Inspector Hodgkins to bring back Cooper. Tickets have been bought. Petersen declares that if the railway companies and steamer companies will not refund this, he will ask the county for it.

After Hynes had advised the Governor's office to release the wanted man, he still had Deputy District Attorney W. B. Smith at work on the papers, and, according to the chief, gave him no clew as to his private action.

PETERSEN BITTER.

This morning in a conference between the two men, Chief Petersen bitterly scored Hynes for his action.

"You do one thing in your public capacity," he declared, "and another in your private capacity."

"I thought," said Hynes, "that this matter should be decided by the Governor himself. I did not want to make recommendations in—"

(Continued on Page 4, Col. 4.)

MONTH OF BRIDES "LEPER" IN HOTEL BLACKMAIL, CHARGE

June's Here—for Proof Look at Marriage License List for First Day.

"What is so rare as a day in June?" sang the bard; there being as much truth as poetry in the line. But it isn't so true that there's anything rare about a wedding day in June, albeit a glorious day. For proof that marriages are common in this blitherous month, if any be needed, consult the list of marriage licenses issued about this time of year.

There is going to be a large number of June brides in Alameda county, according to the records of the county clerk's office. The deputies under Chief Clerk Johnstone yesterday issued a total of twenty-two licenses, the greatest number for many months. Last year June was the record month for marriage licenses, and this month already threatens to surpass previous records.

Fugitive Early Is Fellow Guest of Vice-President Marshall.

WASHINGTON, June 2.—John R. Early who for the last five years has made many enforced journeys about the country in box cars, and has been held under quarantine in many cities while medical experts have disagreed on whether he is a leper, turned up in Washington again today and before his identity was discovered took quarters at a fashionable uptown hotel, the home of Vice-President Marshall and others prominent in Capital life.

Early was not discovered until after he had telephoned to a newspaper, asking for a reporter to interview "Mr. Westwood." The newspapermen at once recognized the noted patient and informed the authorities, who took Early back to his old place of isolation on the city limits. The fashionable hotel and its guests were thrown into a state of commotion.

The alleged leper escaped May 18 from the Diamond Head quarantine station near Port Townsend, Washington, and was traced to Victoria, B. C., where officers lost track of him.

Marie Allen in Jail, Accused of Being Member of Gang.

SAN FRANCISCO, June 2.—Denying absolutely that she was "Clarise the Blonde," a trance medium of Santa Monica, but refusing to make any further statement, Marie Ella Allen, arrested last night by Detectives Burke and Richards, today declined to be interviewed.

The young woman, who confesses to 25 years and who is of a decided blonde type, would converse only in monosyllables with the prison warden and when an effort was made to start her to the conversation room, she stated that she had absolutely nothing to say. She would not speak for publication, but whispered to the warden that her detention was an outrage and that someone was going to suffer for placing her behind the bars.

IS SHE ONE OF GANG?

Miss Allen was taken into custody at the Berkeley Hotel, 316 Sutter street, and is thought to be a member of a blackmailing gang held responsible for the disappearance of F. Lewis Clark, the Spokane millionaire, who dropped from sight in Santa Barbara last February. She is well known in San Francisco, where she lived for many years, but left here last year. Whether or not she and the notorious "Clarise" of the south are one and the same is a fact for Los Angeles county authorities to establish.

The immediate cause of her arrest is the complaint of Earl Nash of Santa Monica, who declared that the woman sought to gain an influence over him, following his engagement last fall to a society girl of that city. He was married in November and several weeks ago received a letter demanding money and containing threats. Soon after his home was entered and looted.

From information furnished by the detectives it was believed that the woman had come here and by careful watching of the postoffice, the local detectives brought about the arrest of Miss Allen.

Perkins III, Clerk Reads His Free Tolls Speech

WASHINGTON, June 2.—Why he is opposed to the Panama tolls exemption repeals was explained to the Senate today by Senator Perkins, Republican of California. Because of his feeble health, a clerk read the speech.

Real Woman Pioneer Dies at Ninety-Six

SACRAMENTO, June 2.—Mrs. Elizabeth Richardson, a 43 pioneer of Sacramento and one of the first white women in California, passed away yesterday, aged 96. She lived in the vicinity of Sacramento almost continuously for sixty-five years.

Five Auto Bandits Blow Safe; Flee With \$2500

CHICAGO, June 2.—Five robbers invaded the village of Mahomet today in an electric automobile and while four of the band stood guard in front of the bank the other blew open the safe and took \$2500 and escaped.

ROOSEVELT GIVEN EX-RULER'S PASS THROUGH FRANCE

PARIS, June 2.—The French government decided today to treat Colonel Theodore Roosevelt in the same way it does former rulers and furnish him with a special passport authorizing him to pass through the police lines at all points on his journey through France on the way to Madrid to attend the wedding of his son Kermit and Miss Ruth Wyatt Wilbur.

Many classifications of these special passes are issued to monarchs and others, but all are exempted from the white passport, given only to visiting rulers and ex-rulers and members of royal families. This is the first which is to be granted to Colonel Roosevelt.

Court by the directors. It is explained that an offer of \$60,000 has been made for the property and that it is desired to apply the proceeds toward the erection of the new Y. W. C. A. building at Broadway and 13th streets.

TO VOTE ON STRIKE

Locomotive Brotherhood Ballot Expected to Be Announced by July 14.

CHICAGO, June 2.—The printing and distribution of ballots for the referendum strike vote of firemen and engineers of western railroads will require ten days, but it is expected the result of the ballot can be announced by July 14, it was said today by Warren S. Stone, grand chief engineer of the Brotherhood of Locomotive Firemen and Engineers.

Sweeping demands by the engine men had been under discussion for three months until last night when the managers' committee announced that negotiations were suspended.

It is assumed as a matter of course by Mr. Stone that the strike will be authorized but the authority will be used only after all means including federal mediation, have failed.

Anti-Trust Bill to Limit Injunctions

WASHINGTON, June 2.—"New restrictions on the use of injunctions in labor disputes are the feature of the section of the Clayton anti-trust bill, reached today in the House.

It also provides that no such injunction shall prohibit strikes peaceful picketing, peaceful persuading of persons to work or to quit work, primary boycotts, the payment of strike benefits or peaceful assembly. An amendment proposed by the Judiciary committee and agreed upon by representatives of organized labor and administration leaders proposed:

"Nor shall any acts specified in this paragraph be construed or held to be unlawful."

With this amendment Representative Henry of Texas, declared that the provision became "the bill of rights of American organized labor."

Republican Leader Mann declared that the Progressives did not know how to vote on the labor amendments until their consultation with Colonel Roosevelt.

The Colonel stands on the Progressive platform," retorted Mr. Murdock. "Unlike the Democrats and the Republicans the Progressives are not bog tied and they vote their individual views."

"They don't know what their sentiments are," returned Mr. Mann, "until the matter is returned to the Senate."

He then turned to New York and asks Colonel Roosevelt what the gentleman from Kansas thinks."

The Clayton anti-trust bill, second measure on the administration anti-trust program, was completed in committee of the whole by the House today, and laid aside awaiting a final vote. The Rayburn bill, placing the issue of railroad securities under the control of the Interstate Commerce Commission, was immediately taken up for general debate.

Thaw's Extradition Up to Supreme Court

WASHINGTON, June 2.—The record of the extradition proceedings for Harry K. Thaw before the federal district court in New Hampshire today reached the Supreme Court. It is expected that an application will be made within a day or two to Justice Holmes for Thaw's release pending a review.

UNION LAND COMPANY IN FORECLOSURE SUIT

Foreclosure proceedings were commenced today in the Superior Court by the Bank of Alameda County at Alvarado against the Union Land Company, formerly the United Properties Realty Company, of which William S. Tevis was president and Albert Hanford secretary. The suit is brought to obtain title to 60 acres of land between Centerville and Alvarado, upon which the realty company borrowed \$10,000 in February, 1912. Plaintiff claims that none of the principal and no interest has been paid on the loan since it was negotiated and asks for title to the property.

JUNE CLEARANCE

A Disposal of Fresh, New Merchandise at End of Season Prices!

Foremost of all June Sales is this Final Clearance at the Greater Oakland Cloak Company. WATER ELECTION VOTING IS LIGHT

Citizens Ballot on the Creation of District Under New Law.

(Continued From Page 1.)

little, holding that unless the people took enough interest to vote they did not care to "drum up" votes.

NO PURCHASE AGREEMENT.

The election is being held under the direction of the County Clerk, the proposition for a water district being a county affair.

The proposal is whether or not the people of the seven east bay cities, with their own water districts, should be united with a view to municipal ownership of water utilities. There will be no purchase agreement should today's election carry. The carrying of the election simply forms the district, all future steps being at the call of the people at all times. The election is being held in 153 polling

places, which opened at 5 o'clock, will remain open until 7 o'clock tonight. The election was called by the Board of Supervisors on a petition, filed some time ago, by Mayor Mott and a citizens' committee, before the Alameda county district plan was adopted. The Supervisors refused to call the election until after the Alameda county district, in Washington township, was called and passed on, and finally were forced by a writ of mandamus to call the election.

OPTION GRANTED.

Prior to the call for the election came the announcement of the city of Berkeley that the city of the district by the People's Water Company for their plant, the portions needed and price to be paid to be ascertained by the Railroad Commission. This, in turn, was followed by the "Mayor's Agreement," which proposed that appointed directors of the water district, a number of such directors being chosen by mayors of municipalities, shall enter no purchase agreements without consulting the people. This pledge was signed by mayors of all cities and towns interested.

The district if formed will be governed by thirteen directors, five elective and seven appointive.

LIGHT VOTE AT BERKELEY.

BERKELEY, June 2.—Despite the number of campaign meetings that have marked the past two weeks in this city on the question of the organization of a metropolitan water district, an exceedingly light vote was being polled at most of the booths this morning. Very little campaigning was being done anywhere in the city today. A few machines were in use, but no definite program was pursued by either party.

The election proceeded without any sign of disturbance. The heaviest morning vote was cast in the distinctly commuting section from Ellsworth street to California, through the central section of the city.

In West Berkeley, the morning vote had a heavier percentage of the registration than in the central and eastern sections of the city. The same was true to a less extent in the Socialist section from the Longfellow school to the north tower. The lightness of the early morning polling was taken to indicate a probable total of not much over 3000 votes for this city.

The polling in Albany was relatively somewhat heavier.

WOMEN TO SWELL VOTES.

ALAMEDA, June 2.—The voting on the water district question was very light up to 10:30 o'clock this morning. About seven per cent of the vote had been cast up to that time. There is very little activity about the polls, but it is expected that this afternoon the women voters will cast their ballot, making the total heavier. There are twelve precincts in Alameda, the various districts having been combined for the water election and the polls are to be open until 7 o'clock tonight. It is believed that many of the commuters decided not to vote this morning but wait until their return from Oakland and San Francisco.

REFUSED FROM PIEDMONT.

PIEDMONT, June 2.—Piedmont saw a light morning vote on the water district project. A large number of women cast ballots shortly before noon, and in the afternoon indications being that the women in the hill city are taking keener interest in the matter than the men. In the Lower Piedmont district the vote was also light.

LIGHT VOTE IN SUBURBS.

SAN LEANDRO, June 2.—A light vote has been cast in this city in the municipal water district election. The polls were open during the three hours between six and nine o'clock only thirty electors recorded their votes although things became brisker later in the day.

There are two precincts in this city, numbers 154 and 155. The election officers in precinct No. 154 are Frank G. Silva, Manuel Foster, John Field and L. J. Whalen; in precinct 155, W. E. Oaks, R. Abernethy, Harry Andrade and L. B. Ury.

All the saloons are closed in accordance with regulations.

VOTE IN EMERYVILLE.

EMERYVILLE, June 2.—In Emeryville during the morning the voting was light, the precinct at the Town Hall having recorded less than fifty names up to 12 o'clock. Emeryville has a registration of about 700 voters in the five precincts.

POLICE BEGIN QUEST FOR BARBER'S POLE

"The Quest of the Red and White Barber Pole" is the latest mission of the police. The pole was beautiful, according to its late owner, Joe Tevera, 3626 Piedmont avenue. It had a gold ball on top, and lent a rich, but not gaudy appearance to his shop until this morning when he opened up this morning the pole was gone.

"I paid \$15 for that pole and it was a work of art," declares the bereaved barber. "I wouldn't have taken \$20 for it. An artist made it."

The police are at work seeking the missing work of art in the second-hand shops of the bay region.

MEANER THIEF FOUND; ROBS INCURABLE WOMAN

Thieves last night entered the King's Daughters' Home for Incurables, stealing a purse containing \$45 from Miss L. Hansen, an inmate, according to a report made to the police this morning.

A. Ono, 5115 Walnut street, reports machinery stolen from the back yard of his home. Mrs. Nathan Hurt, 545 Twenty-seventh street, reports a gold bracelet

WILL BURY VICTIMS

Funeral of Five of Empress' Crew Will Be Held Tomorrow.

QUEBEC, June 2.—The first public funeral of victims of the collision between the steamer Empress of Ireland and the collier Storstad is to be held tomorrow, when the bodies of nine of the crew will be buried.

Mayor Napoleon Druin, aided by Canadian Pacific officials and prominent men of the town, is arranging for the ceremony, which will be an imposing one. There is to be a public parade, headed by the Royal Canadian Garrison Artillery band, and detachments from the warship Essex and the local military forces will be in line. The schools are to close and for a time business will be suspended.

TO FIX RESPONSIBILITY.

Responsibility for the collision, just now a subject of bitter controversy, will be fixed by the royal commission appointed to make a thorough inquiry. The members of the commission are: Sir Adolph Routhier, judge of the Court of Admiralty of Quebec; the Hon. Ezekiel McLeod, chief justice and judge of the Admiralty Court; and New Brunswick, appointed by the Canadian government, and George F. Lauder of the British Board of Trade, named by the British government.

The hearings will begin June 9, but whether in Montreal or Quebec has not been definitely decided.

The number of disputes that have arisen in the funeral shed is a surprising feature of the identification work that has been going on there. In one case five persons contended for the possession of one of the little girl victims, with the result that when the pier was closed last night the body was still classed as unidentified.

FEATURES ALTERED.

So altered are the features of the dead that many mistakes are made. Some who were sure at first that they had recovered the bodies of dear ones have wavered in their belief and sometimes even returned to affirm their previous impression.

A curious case was that of Mrs. Price of New Zealand, who had been identified by her niece, Miss Townsend, of New Zealand.

One of the Empress' crew arrived on the scene and claimed the body as that of Miss Leader, formerly a stewardess of the ill-fated steamer. Finally, although the seamen were insistent in their assertion, it was Miss Townsend who won the day, as she swore positively that the jewelry worn by Mrs. Price was known to her and by Mrs. Price personally.

One body identified late yesterday was that of Leonard Palmer, the London Financial News man, who organized the tour of the British manufacturers to this country.

"POOR SEAMANSHIP."

BOSTON, June 2.—"It was not weakness in the construction of the Empress of Ireland nor too few lifeboats. It was poor seamanship that caused the loss of nearly a thousand lives in the sea horror of last Friday," asserted Andrew Furuseth, of San Francisco, president of the International Seamen's Union of America, which opened its annual convention last night.

"Ever since the liability of the shipowner has been limited, releasing him from responsibility in case of mistakes of a crew, there has been less concern about the safety of passengers," Furuseth said.

"More than half of those who perished could have been saved if the crew had been efficient and organized for action in an emergency."

POLOISTS' SISTER LOST.

NEW YORK, June 2.—Among those who lost their lives when the steam-

Non-Partisan Is Given Lily White Ballot by Jordan

SACRAMENTO, June 2.—Party colors for the primary election ballots were designated by Secretary of State Frank Jordan today and contracts let for the paper by the state board of control.

The Republican party primary ballot will be colored golden; Democratic, green; Progressive, blue; Socialist, blue; Prohibitionist, pink; non-partisan, white.

Almost five carloads, or 144,050 pounds of paper will be necessary to print the ballots.

ROYALTY AIDS FUND.

LONDON, June 2.—The king has donated \$2500, the queen \$1250, the Prince of Wales \$1250 and the Queen Mother Alexandra \$1000 to the Empress of Ireland fund.

WAS TITANIC INVESTIGATOR.

LONDON, June 2.—At the invitation of the Canadian government, the British Board of Trade today appointed Baron Mersey of Toxteth a member of the court of inquiry to investigate the disaster which caused the loss of the steamer Empress of Ireland and more than 900 lives.

Mersey was president of the British commission which investigated the Titanic tragedy. He will sail for Canada in a few days.

SERVICE FOR SALVATION.

CHICAGO, June 2.—Memorial services for those of the Salvation Army who lost their lives in the sinking of the Empress of Ireland will be held here next Thursday night.

DEATH LIST REDUCED.

HOUSTON, Minn., June 2.—The list of probable dead from this village on the Empress of Ireland was reduced from eight to four today, when it was learned that the four children of Mrs. Alvin Carlson, who were going with her to Norway, had been taken off the steamer at the last

THREAD TRUST HIT

Attempt to Sew Up the Trade Is Thwarted by Decision.

WASHINGTON, June 2.—Dissolution of the so-called thread trust, organized under the name of the American Thread Company, was ordered today by the federal court at Trenton, N. J.

The decree states that the American Thread Company, the Thread Agency and the English Sewing Cotton Company, Limited, as one group, and the Spool Cotton Company, J. and P. Coats, Limited, the Clark Thread Company, the Clark Mill-end Spool Cotton Company, Geo. A. Clark & Bro., J. & P. Coats (Rhode Island) incorporated; Sir Thomas Glen-Coats, Baronet, James O. M. Clark, James William Clark, Walter P. Neel, Robert B. Symington, James Valentine and G. Elton Allen, as another group, have entered into a combination to restrain the interstate and foreign commerce of the United States in thread and are enjoined from carrying out any of their agreements under such combination or restraint of trade.

Officials of the two groups mentioned are forbidden to acquire or hold any property interests in the organization effected to corner the thread business, and are forbidden to act in concert with the government and the defendants.

Whole Cabinet Quits; Poincare Must Choose

PARIS, June 2.—Premier Gaston Doumergue and his colleagues of the French cabinet went to the Palace of the Elysee today and resigned collectively to President Poincare. It was understood that a prominent politician would be requested to undertake the formation of a new cabinet. The view was general in the lobbies of the chamber that Rene Viviani, now minister of public instruction, would be one of the first approached.

GETS 12-YEAR SENTENCE FOR CRIMINAL ASSAULT

Antonio Amadio was sentenced to serve 12 years in San Quentin today by Lin S. Church, sitting as Superior Judge pro tem in the extra sessions. Amadio was convicted by a jury on a charge of assaulting 12-year-old Anna Steffanoni.

moment before sailing while their mother went on and lost her life. Until today it was feared the children also had been drowned.

With Its Steel Walls

Surrounded by every safeguard that ingenuity can contrive and money can buy, your valuables will be beyond danger of theft or destruction in one of our Safe Deposit Boxes. Twenty-six inches of steel and reinforced concrete form walls that cannot be affected by any natural or human agency, and that afford perfect protection to legal papers, securities, jewels and heirlooms. The vaults are on the street floor. Only a few steps from the entrance of the bank. The cost of the service is a trifle—less than eight cents per week.

FELL FROM BRIDGE 27 YEARS AGO; COMPLICATIONS RELIEVED BY KAOZ

**Aged Oaklander Used Mineral
for Two Months; Is Now
Free From Pain.**

Falling 27 feet from a Southern Pacific bridge 27 years ago, injuring his back and crushing his left foot, caused years of suffering to Daniel Murray, a miner and bridge builder, residing at 2107 E. Sixteenth st., Oakland. He tried everything he could to get relief, but was not successful until he was prevailed upon to try Akoz. In eight weeks he says the wonderful medicinal mineral relieved him of all pain. The following is a letter he wrote to the Natura Company:

"I am 73 years of age. For over a quarter of a century I have suffered

rheumatism and fall in the Eureka tannery. The intense agony that gripped me night and day seemed to defy all my efforts to stop it. Four years ago I had to quit work, my condition becoming so bad. For days at a time I would be forced to my bed and could find nothing to give me relief. Last January a friend got me to try Akoz. I used the compound where there was pain and began to feel the Akoz mineral water. In eight weeks I was free from all pain and am ready to go to work. I can heartily recommend Akoz to anyone suffering from rheumatism, stomach trouble, relieving rheumatism, stomach trouble,

DANIEL MURRAY.

oak and other ailments. For sale at all druggists. Call, write or phone the Natura Company, 312 Mission street, Tel. Sutter 376, San Francisco, for further information regarding this advertisement.

'IT'S A DRESS AFFAIR'

What Shall I Do for a COAT?"

"My old brown coat is simply awful! I just can't wear it to anything so splendid as that formal dinner dance."

"Let me lend you my new coat, dear—or, better still, get one like it for yourself. Why, I don't believe I ever told you where I bought mine, did I, Miriam?"

"No, I don't think so—but you needn't bother. I could never gather together \$25 at once—and your coat must have cost at least that much."

"Just \$16.50 and not a cent more! I can't imagine, Miriam, how you've ever escaped an acquaintance with CHERRY'S."

"Cherry's haven't a rival in Oakland. When men and women of refined and careful taste want clothes at fair prices, with the privilege of INSTALLMENT PAYMENTS INSTEAD OF ALL CASH, they go straight to Cherry's. Credit Clothing Store, at 515 13th street.

"Miriam, you owe it to yourself to your appearance, your pocketbook and your piece of mind—to GO TO CHERRY'S. I'd love to tell you how exquisite Cherry's short coats are, but words won't do it, so you go to 515 13th street and see for yourself. Their men's clothing store is just across at 528 13th. The San Francisco stores handle men's as well as women's clothing and are located at 1009 Market and 2400 Mission streets."

Richmond Couple Are Married in Oakland

RICHMOND, June 2.—At a quiet wedding in St. Mary's church, Oakland at 10 o'clock, Father Sebastian officiated, Mr. Mary E. Boland of Vallejo and James J. Dolan, formerly of Vallejo and now a resident of this city, were married in the presence of few friends. Mr. Dolan has recently moved to this city, where he is in business.

BIG FURNITURE DOINGS WAIT, AND YOU WILL BE REWARDED

We inaugurate next Friday at 9:30 a. m. the greatest sale of Furniture, Rugs, Carpets, Draperies, etc., that we have ever held.

The values will be so EXTRAORDINARY, the prices so astonishingly low, the credit terms so wonderfully easy, that we recommend to our customers, as well as the general public of Oakland and vicinity, that they postpone buying Home furnishings until Friday.

See this paper tomorrow for further information

FLEES ARDOR OF JAPANESE PASTOR

**U. C. Graduate Receives Love
Letters That Drive Her
to Alaska.**

(Continued From Page 1.)

ment for sending obscene matter through the mails.

With the promise of friends that they would assist Mori in returning to Japan, the way will be clear for Miss Andrews and her mother to return to their homes in Berkeley after an absence of two years in Juneau, where Miss Andrews had been teaching school.

GIRL, NOTIFIES POLICE.

The strange, one-sided courtship which was developed at a Sunday school picnic in Berkeley, developed into one of the most peculiar cases with which the Berkeley police have

years ago Miss Andrews complained to the police that she was being deluged with love epistles from the ardent theological student who refused to be rebuffed at her failure to answer him. At the time they first met, Miss Andrews showed a student's interest in the Japanese which he mistook for affection. Later, realizing the situation, the young woman ignored him. Then he commenced to write letters many of which were of a lascivious nature.

Finding that his advances met with repulsion, Mori blamed the friends of Miss Andrews, the Berkeley police and the university authorities, to whom he appealed in an effort to learn her address after she had gone to Alaska. His letters were returned from the former Andrews residence address in Berkeley for some time until one day Mori read in the society columns of the newspapers that the young woman had gone to Juneau, and he immediately wrote to her.

APPEALS TO PASTOR.

Fearful upon learning that her new address had been obtained, Miss Andrews appealed to Rev. Arthur M. Smith, pastor of the First Unitarian church and a friend who had assisted her in repelling the advances of the Japanese previously. He took up the matter with Mori and endeavored to exact a promise from him that he would no longer seek to force his attentions upon Miss Andrews. Then Mori attacked the minister in letters, calling him the "monkey preacher" and including vile epithets in his epistles. He also "disapproved" of members of the society department, but declared that Chief Yollmer was "very good," that President Benjamin Lee Wheeler was "very good," but that others could not be depended upon in settling the question of his love for the co-ed.

One letter addressed to Miss Andrews at Juneau and dated April 29 last which was returned to Rev. Smith, was written in a fair penmanship while the grammar was good. It was in part as follows:

WOULD WIN HER HEART.

"I want to win your heart, as I said to you in my last letter. Dear, quit your teaching there at public schools as soon as possible and come to Seattle, Washington, or Vancouver, B. C. to meet me for a wedding. I am not crazy here in saying this. Please don't blame me as you did in your letter to Dr. Wilbur. I shall repay all your expenses which you will spend from Juneau to Seattle when I meet you there. So you must write me your plan first from Juneau."

Extracts from another letter showing the insistency of the Japanese minister in his love affair explain.

"I thought you are best woman to be my wife and I know you now for six or seven years since I met you first. Very truly I believe you best kind woman to be my wife. You intended to be my wife at various times at the University campus. Please do not tax me for annoying you, alone, when I meet you there. You cannot escape your part responsibility."

ASKS HER HELP AS WIFE.

"My desire, my purpose and my ideal is that to make you my wife as soon as possible. You can come to Oakland and help me as my wife in establishing the United mission."

Physicians who examined Mori before Superior Judge T. W. Harris this morning declared that in their opinion the defendant was not insane. The affidavit upon which Mori was taken into custody was sworn to by Rev. Smith of Berkeley. Upon order of Judge Harris Mori will be held in the detention hospital in charge of Warden Charles Emley until arrangements for his leaving the country are completed. Unless he leaves the authorities will prefer charges against him for violating the postal laws and have him officially deported.

**Japanese Sailors Are
Los Angeles Guests**

LOS ANGELES, June 2.—Admiral Kuro, commanding the Japanese training squadron consisting of the cruisers Asama and Azuma, was guest of honor today at a luncheon given by Consul General Nishimura of Japan.

Representatives of the various mercantile and civic organizations, Japanese Vice-Consul Oyama and sixty officers from the Japanese warships were guests. Mayor H. H. Rose welcomed the visitors, and extended to them the freedom of the city. Bands of enlisted men, making up large shore parties, are being extensively entertained by resident Japanese.

**NOTED HAT MAN
ASSUMES CHARGE**

LOS ANGELES, June 2.—While entering a yard at 1818 Pacific avenue, Sam W. a laundryman, was severely bitten on the leg by a fox terrier. The dog was captured by Poundmaster Grant Hoke and is being held for observation for rabies.

**Naval Hero Wins His
Suit to Retain Home**

John Landerman, naval hero and veteran of many engagements in different countries while in the United States Navy during twenty-eight years, today won his suit against J. J. Hall, a real estate man, for the reconveyance of deeds to his ranch in Dublin canyon.

Some time ago Hall and another man, Frank Crusko, induced Landerman and his wife to trade their ranch property for city lots. It is alleged there were misrepresentations made and Landerman brought suit to recover. Testimony was that he had been given property valued at \$2500 for his ranch, valued at \$4000, and that his new acquisition had a \$1500 lien on it. Superior Judge Waste presided at the trial.

**Income Taxpayers
Avoid Delinquency**

SAN FRANCISCO, June 2.—With only a month left for persons of sizeable incomes to avoid tax delinquency, the business of the United States Internal revenue collector at San Francisco has taken on a prosperous increase in June.

The collector's mail today contained more than \$50,000 in taxes from well-to-do residents of Northern California and Nevada. An estimate given out today for the month's revenue of this office was \$2,500,000 of which about \$1,750,000, it was figured, would come from the income tax.

**Reading Appeal for
Dynamite Conspirators**

WASHINGTON, June 2.—President Wilson began reading today the appeal for clemency on behalf of the 25 labor leaders convicted in the dynamiting conspiracy. It probably will be several days before the President will be ready to announce whether he will interfere.

**Sebo Under Siege
By Revolutionists**

WASHINGTON, June 2.—Commander Scott of the gunboat Marietta off La Romana, southern coast of Santo Domingo, reported today that Sebo was surrounded by revolutionists and all communication had been cut off from the besieged federal.

**DISMISS COMPLAINT OF
OAKLAND-ANTIOCH ROAD**

SAN FRANCISCO, June 2.—The complaint of the Oakland, Antioch and Eastern Railway, against the Northern Electric Railway in which it was charged that the Northern Electric claimed joint use of certain tracks, was dismissed by the Railroad Commission today. The tracks in dispute were purchased by the Oakland and Antioch from the Valley and Northern Railway Company. The former did not want to grant an equal use of the tracks to the Northern Electric. The commission holds that the matter is one for the courts to determine.

WOMAN IS HELD ON BLACKMAIL CHARGE

**Supposed "Clairese," the
Blonde," Accused of Being
Extortioner.**

(Continued From Page 1.)

South, including Mrs. Mary T. Eales of Santa Monica. McCullough was the chief performer in the play in which communication was established with the spirit of Napoleon and it is said that Mrs. Eales accompanied McCullough to Chicago and handed him \$15,000. This was done on a showing being made that "gold" existed beneath the nose of her son.

Byron promised to run down the blackmailers, and has been arrested for an attempt to extort money from Mayor Dudley of Santa Barbara. Detective Sergeant Bruce Boyd of the Los Angeles police department, participated in the capture of Byron.

FIND CLEW.

LOS ANGELES, June 2.—A private detective, now held by the police on a blackmail charge, may prove the clew to the finding of Millionaire F. Lewis Clark, who is believed to be a captive of kidnappers somewhere in the Sierras. The man, who disappeared from Santa Barbara in 1928, was found after the police searched some time, but since the capture of the detective clews have been given, that led to a second chase. Edgar Byron, the man now in the toils of the police, was captured on a charge of attempting to blackmail Mayor Dudley, and on going through his possessions the police discovered letters giving clews to the Clark case. One letter, written to friends of Clark, declared him in captivity and offered to free him for the sum of \$50,000.

Byron is now held in the jail at Santa Monica on a charge of attempting to extort \$500 from Mayor T. H. Dudley of that place. According to Special Police Investigator Fletcher Felts this prisoner has intimate knowledge of plans and plots which netted large sums of money to private detectives, mediums and clairvoyants. With considerable vigor Byron denies these charges and claims that he is the victim of a political conspiracy.

REMARKABLE DEVELOPMENTS.

Here, however, are the chief developments announced by the authorities in the remarkable entanglement of deceit, mystery and trickery:

1. Special Investigator Fletcher Felts stated that he believes that F. Lewis Clark, who supposedly committed suicide near Santa Barbara, is alive and a victim of a band of detectives and clairvoyants. On one occasion, Felts, while on Long Beach man offered to produce Clark for \$50,000 if "two questions were asked."

2. Deputy District Attorney, John Richardson issued a warrant for a young woman who is widely known as "Clairese, the Blonde." She is charged with attempting to blackmail Earl Nash, a prominent haberdasher of Santa Monica. The authorities say that Nash and his wife were recently held up and robbed in their home by an agent of the alleged gangsters.

SEEK PSYCHIC TRICKSTER.

3. Concerted search was started to locate Thomas McCullough, a clairvoyant, who is charged with obtaining large sums of money from wealthy women by psychic trickery. Among his victims, according to the detectives, are Mrs. J. Harris, a widow of Alabama City, Alabama; Mrs. Mary T. Eales of Long Beach; Mrs. Maud Buckles of Long Beach, and a Mrs. T. Donovan of Los Angeles.

4. Search was started by Acting Chief of Police S. J. Evers of Long Beach for Sol Alexander, who is alleged to have represented himself in dealing with Mrs. Eales as a secret service operator.

5. Chief of Police Sebastian and Police Commissioner Vincent Morgan stated last night that a number of clairvoyants would be summoned before the Police Commission Wednesday to explain their work.

6. Formerly known as Louise, a woman of Long Beach announced that an investigation of the charges against Byron would throw interesting light upon the recent sensational charges which were directed against a number of police officials in Long Beach.

Much of the information given out by the authorities yesterday was based upon documents and correspondence found in Private Detective Byron's room at 1494 South Hill street. Following the arrest of Byron in Santa Monica, Mayor Dudley swore to a search warrant and Detective Felts confiscated Byron's memorandum and notes.

Byron's quarters were a literal store room of varied information, said Felts, literature relating to clairvoyance and spiritualism was carefully indexed and a clipping bureau of press notices was maintained.

A number of code books were found with many telegrams which had been sent in code.

**NOTED HAT MAN
ASSUMES CHARGE**

LOS ANGELES, June 2.—Admiral Kuro, commanding the Japanese training squadron consisting of the cruisers Asama and Azuma, was guest of honor today at a luncheon given by Consul General Nishimura of Japan.

Representatives of the various mercantile and civic organizations, Japanese Vice-Consul Oyama and sixty officers from the Japanese warships were guests. Mayor H. H. Rose welcomed the visitors, and extended to them the freedom of the city. Bands of enlisted men, making up large shore parties, are being extensively entertained by resident Japanese.

COOPER IS FREED; POLICE TRIP HALTS

Hodgkins Gets as Far as the Depot on Way to South Africa.

(Continued From Page 1)

volved a large expenditure of money."

"You're the District Attorney," said Petersen. "It was your duty to say whether we had enough evidence for trial or not. Instead you informed him privately, after you had done your legal duty, that you were against requisition."

"That is right," said Hynes.

"The chief, 'Why in hell didn't you let me know?'"

"The matter was up to the Governor," answered Hynes.

AGAIN ESCAPES.

"Sir" Harry Westwood Cooper, accused forger, bigamist and defrauder, sought by the Oakland police all over the world, who dodged the detectives in a dozen cities, only to be finally captured in South Africa, has again escaped, on the very day that a detective was to start for him, and it seemed that escape was impossible.

While the Oakland police were preparing papers and evidence, and Detective St. Clair Hodgkins, assigned to the case, was closing his house, booking passage on the steamer Adriatic, and the council had appropriated money for the trip, the Governor's office, on advice of District Attorney W. H. L. Hynes, it is claimed, notified State Department to allow the English authorities to release the man. Nothing was said of this to the police, according to the latter. They made preparations for the trip, believing Cooper safe at Durban, Natal Province. It was only when Captain of Inspectors Lou Agnew applied at the Governor's office in Sacramento today for papers that it was discovered that the man had been freed. He was released in Durban yesterday.

CONFERES WITH GOVERNOR

According to the police Assistant District Attorney Walter Burpee conferred with the Governor's office on May 26, on advice of the district attorney and advised that the State Department be allowed to release Cooper. Burpee it is declared returned and reported to Hynes. Petersen charges that Hynes made no report to the Governor, but made all preparations for extradition.

Transcripts of evidence reports, affidavits and requisitions were drawn up. Arrangements were made to secure President Wilson's signature to an order for the man's return. All was ready for the extradition.

Inspector St. Clair Hodgkins was detailed to the case and had made all arrangements to leave on the morning of the 27th. The council had appropriated a \$1000 advance for his expenses. The message from Agnew arrived at the very moment he was to have boarded the train.

CHIEF BLAMES HYNES.

Chief Petersen lays the blame on Hynes. The two held a heated conference in the chief's office this morning following the news from Sacramento that Cooper had been released and that the district attorney had so advised Cooper, who married, it is declared bigamously, with Anna M. Smith, an Oakland nurse after having posed as an English nobleman and who is wanted on charges of forgery in connection with an attempt to cash a bogus draft for \$15,000 on the Central Bank and on charges of obtaining \$1000 on false pretenses from Mrs. Herman M. Smith, mother of the girl he married. The girl was found in Oakland at the time she failed to cash the draft on the bank and it was discovered that it was bogus. He is also charged with violating a parole from San Quentin. The detectives pursued him across the continent, lost his trail, picked it up in London and later in Egypt, and finally found that the man had been run to earth in Durban, South Africa, where he was arrested and sentenced on a fictitious check charge.

HOLD COOPER.

Preparations were at once made to extradite him to Oakland, although the district authorities also wanted him. Scotland Yard notified the chief of police that the man would be held.

In the meantime according to the police, the district attorney's office, acting on its own initiative, sent Burpee to Sacramento, where he learned that the man had not been held. The Governor's office so advised the State Department and the order was transmitted to the British authorities. It means that the man is again at large at the present time having served his sentence in Africa. It may be impossible ever to locate him again.

Of this fact, declares the police chief, his department was in absolute ignorance until the message from Sacramento today, although the district attorney's office knew it on May 27. Chief Petersen told Hynes bitterly to task today on the matter.

WIFE TO HAVE GONE.

Hodgkins, former chief of police, detailed to the case by Chief Petersen, closed his home and was planning to take the trip with him. He was on his way to the train when the news came. A police automobile bore him the news as he arrived at the sixteenth street station. He had already bought and transportation for the voyage. The trip was to have covered 10,000 miles and to have lasted the entire globe.

It had been planned to try the accused in the city of London, England.

LIGHTNING HITS AUTOMOBILE AND KILLS THE DRIVER

FORT BAYARD, N. M., June 2.—Captain Joseph O. Walkup, medical corps, U. S. A., was instantly killed yesterday afternoon when lightning struck his automobile. The other occupants of the car, Captain and Mrs. B. J. Thilman, with their little daughter, Agnes, and the father of Mrs. Thilman, Brigadier General Francis Moore, U. S. A., retired, were badly shocked, but are in no danger. The accident occurred near Central Ave. Mexico. Captain Walkup was at the wheel, the lightning striking him squarely in the forehead. He is survived by his wife and son, Kenneth, who are at present visiting relatives in Pennsylvania.

under false pretenses, probably on a forged charge and to have also added to his former term in San Quentin on the broken parole charge. Cooper is now, it is believed, in hiding somewhere in South Africa.

At the time the police department decided to extradite Cooper this action was the advice of the Chamber of Commerce and other organizations, which held that the expenditure of money for such action was ill-advised. The criticism was later withdrawn.

The specific charge on which requisition was to have been based was the charge of defrauding Mrs. Herman M. Smith of \$1000. The other charges were held pending action on this one.

PETERSEN'S VERSION.

Chief Petersen, in a detailed statement, gave his version of the affair. In the first place, said Chief Petersen, "when we found that this man had been arrested in South Africa, the question of his return came up and I had a conference with Mr. Hynes in relation to the matter and he said that he was personally opposed to asking for requisitions for Cooper, but that if I wanted them he would make out the necessary papers provided the governor would grant the requisition. He said that he would take up the matter with the governor and I said that I would also take up the matter with the governor."

After receiving assurances from the governor's secretary that he would sign the requisition if there was sufficient evidence to secure the man's conviction I had another conference with Mr. Hynes and advised him of this fact, requesting him to ask the governor to request the state department to secure a provisional warrant for the return of Cooper to the state of California. Hynes did so and I received a cable from South Africa to the effect that Cooper was being held for the state of California. This also I advised Mr. Hynes of.

NOT INFORMED. CLAIM. "Had Mr. Hynes at any time informed me that he was particularly opposed to the requisition of Cooper I should have made no further effort in that direction, although I am strongly of the opinion that Cooper should be returned to the state of California to be tried for the crimes he committed here."

I had repeatedly requested Mr. Hynes to begin the requisition papers, but was put off for various reasons, until the receipt of the cablegram from South Africa, advising the retention of Cooper on a provisional warrant. I again asked Mr. Hynes to prepare the papers and he informed me that the district attorney Smith would be at once detailed to draw them up. After the papers were drawn and Inspector St. Clair Hodgkins detailed on the case and he was to leave this morning for South Africa so that he would not be made no further effort in that direction, although I am strongly of the opinion that Cooper should be returned to the state of California to be tried for the crimes he committed here."

HEARS OF RELEASE.

"Captain Agnew called me up by telephone this morning from the governor's office asking me to prepare the requisition papers for Cooper. He said that the governor's office had requested the release of Cooper in South Africa on May 26 informing me that Mr. Hynes had called up the governor's office previous to that date and told them that he was opposed to granting the requisition and refused to assume responsibility in relation to the matter. Upon the statement of Mr. Hynes to the effect that he would not assume responsibility in the matter the governor's office wired the state department to release Cooper. Mr. Hynes sent his deputy, Mr. Burpee, to Sacramento to inform the governor's office that he was opposed to the requisition and only this morning learned that on the 26th day of May the governor's office, on representations made by Mr. Hynes, had requested the release of Cooper."

"In his private capacity Mr.

How to Prevent Acid Stomachs and Food Fermentation

By a Stomach Specialist.

As a specialist who has spent many years in the study and treatment of stomach troubles I have been forced to the conclusion that most people who complain of stomach trouble possess stomachs that are absolutely healthy and normal. The real trouble that which causes all the pain and difficulty is excessive acid in the stomach, aggravated by food fermentation. Hyperacidity irritates the delicate lining of the stomach and food fermentation causes acid which distends the stomach abnormally, causing that full bloated feeling. Thus both acid and fermentation are the cause of stomach trouble. The prevention of the stomach is usually healthy and normal but irritated almost past endurance by these foreign elements—the acid and wind in all such cases—and comprises over 90 per cent of all stomach difficulties—the first and only step necessary is to neutralize the acid and stop the fermentation. Taking in the night warm or cold water immediately after eating, from one to two teaspoonfuls of bicarbonate of soda which is the best and only really effective antacid and food corrective known. The acid will be neutralized and the fermentation stopped almost instantly, and your stomach will be healthy, normal again. Be sure to get your stomach for the bicarbonate remedy, as I have found other forms utterly lacking in the specially valuable properties—M. I. S. T. No. 2.

Half Price Sale Suits, Dresses, Coats and Skirts

Hynes calls up the governor's office and informs them that he is opposed to having the governor grant the requisition papers, refusing to assume any responsibility. Yet he turns around and in his official capacity goes ahead and orders the requisition papers made out, calling upon the governor to sign the requisition for Cooper. What kind of business is that, anyway? Knowing that the governor has ordered the release of Cooper, he lets go ahead, buys tickets and makes steamship reservations. If we don't get our money back the county will have to make it good, you may be sure of that."

\$2,000 TO EXTRADITE.

SACRAMENTO, June 2.—Requisition papers will not be issued by Governor Johnson for the return to Alameda county from South Africa of Sir Harry Westwood Cooper, alias Ernest Moore Chadwick, wanted for forgery and bigamy, the Alameda district attorney having decided that the ends of justice would not be met were he to be returned.

The Alameda authorities in communication with the governor, declared it would cost at least \$2,000 to secure the return of Cooper and

that were he to be convicted the maximum sentence that could be given

PATIENT FALLS DEAD IN DOCTOR'S OFFICE

H. J. Forester, a laborer, aged 45, dropped dead this morning in the office of Dr. J. Baldwin 1228 Broadway. He had gone to consult the physician for heart trouble. It is believed that the death was due to a sudden attack of heart failure in his weakened condition. The body was removed to the morgue. An inquest will be held.

FUNERAL OF PIONEER BERKELEY MASON HELD

BERKELEY, June 2.—Funeral services were held this afternoon under the auspices of the Masonic lodge for Martin Van Buren Daggett, a member of the order for more than half a century, whose death occurred at the home of his daughter Mrs. R. J. Howard. He is survived also by another daughter, Mrs. L. Crocker, of Sacramento, and a son, Leo Daggett. He was a member of the Masonic lodge, Knights Templar and Royal Arch. Daggett was 71 years of age, and had resided since pioneer days in this State. Ten years ago he removed to Berkeley from Folsom. He had served in the Civil War.

Great Nerve and Blood Tonic M.I.S.T. No. 2

M.I.S.T. NO. 2 HAS CURED Rheumatism, Inflammation of the Bladder or Enlarged Prostrate Glands, Blood Poison, Diabetes, Stricture, Cancer

It is no stimulant. Reports from patients prove that its effects are permanent and lasting. In addition to the above—M.I.S.T. FRANKLIN SCHOOL TO UNVEIL LONDON PICTURE

One hundred and thirty children of the high sixth grade of the Franklin grammar school of this city, will attend tomorrow afternoon, the unveiling of a life-size picture of Jack London, the novelist, which will be placed in the hall of fame, beside those of Luther Burbank and Joseph Miller, past of the Sierra in the Franklin school. The exercises will be conducted in the Home Theater of East Oakland where a program of four vaudeville acts will be presented. The Franklin school band will give the musical numbers. Alice Fiske, a pupil in the school, will unveil the photograph and Lawrence Lovett will deliver the presentation address.

Next Tuesday afternoon the boys and girls of the graduating classes and the teachers will be the honored guests at a banquet to be tendered by the Franklin School Mothers' Club. The members of the organization will prepare and serve the menu. The affair will be given in the assembly hall of the school.

PRICE OF DRINK MAY COME HIGH

Saloonkeeper Who Sold to Boy Fears for His Liquor License.

After administering a vigorous lecture to a young man, owner of a saloon at Twenty-ninth street and San Pablo avenue, accused by Chief of Police Petersen yesterday of selling beer to Chester Shaw, aged 16, the city council this morning laid over the matter of revoking his license until tomorrow. Guerin represented that the boy appeared to be over 21 years of age. The youth will be hailed before the council tomorrow and, following this a decision will be made.

Shaw is charged tonight with being a companion in Guerin's place of business. Later, in another saloon, he was refused liquor and when his companion refused to carry his statement that he was 21 years of age a fight followed. He was arrested and after an investigation charges were brought against the saloon man.

If it were not that you have kept an orderly place so far," declared Mayor Mott to Guerin "you would not have your license without further question. We will give you a chance however. I will not say that we will not revoke your license. We will see the boy first and then decide. You must be punished, and at any event we will suspend your license thirty days. The rate will be heard in full tomorrow."

DENTAL BURGLAR HAS ANOTHER GOOD NIGHT

The "dental burglar" whose work for some time past has been punting the

DECISION AWAITED IN SUIT FOR FEES

County Clerk Defends Collections and Files Counter Claim.

Superior Judge Watts has under advisement today the suit of Alameda county against County Clerk John P. Cook to recover \$7,662.50, claimed to be due as the county's share of naturalization fees collected by the county clerk during the last six years. Of this amount \$3337 was collected during Cook's term of office up to 1911, and after the state law abolishing the fee system went into effect. The remainder of the amount sued for was collected since that time.

The county clerk has a counter claim for \$1000 which he says was paid out by him in extra clerk hire for attending to the naturalization proceedings. The federal statute provides that one-half of all the fees collected go to the government and that the remaining half be retained by the county clerk. The state statute which has been upheld by the United States supreme court on appeal, maintains that the state law, abolishing the fee system is paramount.

Don't Lose Sleep Coughing at Night. Take Foley's Honey and Tar Compound. The very first dose surprises you. It slides down your throat and spreads a healing, soothing coating over the inflamed and tickling surface. That's the immediate relief. It loosens up the tightness in your chest, stops stuffy, wheezy breathing, cures distressing, racking, tearing coughs, soothes the irritated, inflamed bronchial tubes and air passages.

A cough medicine should be and does not. It should be the most sensitive, effective, safe and soothing. It should be sold everywhere. Sold everywhere.

NORTHERN CLUB MOTHERS CLUB NEAR YEAR'S END

Activities of Closing School
Days Mark Finish of
Calendar.

(By BETTY MARTIN.)
The following list of officers to serve during the ensuing year have been elected by the Jefferson School Mothers' Club: President, Mrs. Watson; vice-president, Mrs. Langdell; secretary, Mrs. Junker; treasurer, Mrs. Dwyer; historian, Mrs. Harrington; auditor, Mrs. Schultz.
On Wednesday evening of this week, at the Jefferson School Auditorium, an entertainment will be given by Mrs. Cook's school of music for the benefit of the school playground. It is to be called the "Birds' Jubilee."
Mrs. Watson entertained the members of the Jefferson School Mothers' Club at her residence last Friday afternoon, when home economics engaged attention, and various phases of the subject discussed in addition to carefully prepared papers read.
The following committee was appointed to arrange the entertainment for the graduating class: exercises to be held in the school auditorium on Friday evening. Mrs. Harrington and Mrs. Langdell.

PLAN OPEN MEETING.
An open meeting of the San Francisco Girls' Welfare Home will be held at the Hotel Oakland tomorrow afternoon at 2 o'clock.
All citizens interested in welfare work are invited to be present at this meeting, when plans will be discussed regarding the feasibility of forming an auxiliary on this side of the bay.
The Welfare Home is designed for the maintenance of delinquent, homeless and convalescent girls.
Prominent society women are interested in the movement.

ALAMEDA NOTES.
The Lincoln School Mothers' Club will entertain with a luncheon in connection with their president, Mrs. H. J. Platt, on Wednesday, June 2, at the school. The teachers, principals and vice-principals, with the former principal, Edward Albert, will also be among those entertained by the club, at the final meeting of the year.
The Alcyon Reading Club will have a dinner for their final meeting on Friday of this week at the home of Mrs. William Boalt. Mrs. S. P. Mesick, the newly elected president, will assist the hostess in receiving the members and a few friends, who will be asked. Dainty refreshments will be served during the afternoon, when farewells will be said for the summer vacation time.

ADELPHIAN ACTIVITIES.
The Cabaret dance, which the Adelphean Club will make their closing event for the year, will take place on Thursday night at the club house with a long list of club women acting as hostesses and a fine program to entertain the members and their guests with. The president, Mrs. A. J. Jackson, will head the receiving line with Mrs. S. J. Ackerman, who is in charge of the afternoon. The program will present some of the best talent local and from out of town, and will conclude a year which has brought the club women together in many pleasant assemblies, where culture, enjoyment and domestic betterment have been the inspiration. The new sections formed during the last year have brought good returns in the interest and general development of the members and 1943-1944 record most satisfactory.
The year to come has been planned to increase the membership and general good of the club, both to the members and to the community.
The coming three months' vacation will give the section heads opportunity to definitely outline their work for the year and new strength and heart for the year will be gained from the pleasant outings in different surroundings, and the rest from the routine of club work.

CHAUFFEUR PUTS HIS "FARE" IN CITY JAIL

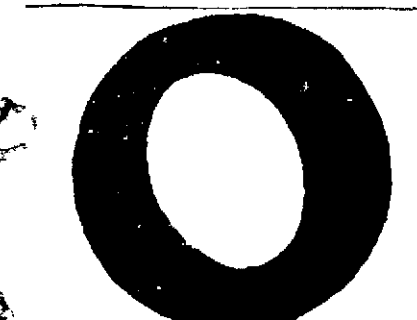

A. J. Jackson, an engineer, was arrested in Richmond this morning and brought to Oakland by Patrolman Downer on a charge of defrauding an automobile driver out of his hire. A. M. Swayne, the chauffeur, declares that Jackson hired a machine from him and refused to pay the bill.
That she gave a Filipino laborer whom she had employed \$1 to buy paint, and that he disappeared, was the complaint made to the police this morning by Mrs. S. Thomas of 2538 High street.

Greenbacks Eaten at Exclusive Banquet in Hotel Oakland

"Greenbacks au beurre" was the piece de resistance at an exclusive banquet in the Hotel Oakland last night. The feast was held secretly without the knowledge of the management in a quiet corner of the cavernous, and no sound of the revelry reached the ears of the guests. Only the fragments of the feast discovered this morning told the tale of the midnight festivity. They were the scattered tatters of five-dollar bills littering the small recess where the gourmands had dined.
Dazo Ferto, head call-boy of the dining room, was the unwitting Maccoche who furnished the expensive dish. Yesterday he converted his loose silver into two five-dollar bills, which he tucked carefully into an inside pocket of his tunic. The bills were not new; they had passed through the hands of the tunic's last owner, had been in the till of a butcher shop. The tunic was placed in a locker in the basement and the odorous invitation to the banquet went forth.
It was an invitation that would have been paid by the owner of the tunic, but it was not paid. It reached the delicate senses of the Mus family and they responded with alacrity. Indeed, it might be said that they were greedy, for in their haste to devour they gnawed their way through the cloth of the tunic. The gaping hole and bits of minced money told where the mice had played.
"Never again," says Ferto. "I'm no Carnegie."

It was an invitation that would have been paid by the owner of the tunic, but it was not paid. It reached the delicate senses of the Mus family and they responded with alacrity. Indeed, it might be said that they were greedy, for in their haste to devour they gnawed their way through the cloth of the tunic. The gaping hole and bits of minced money told where the mice had played.

JURY PANEL FOR QUARTER DRAWN

Seventy-five Peers of Everyman Must Answer Roll Call Thursday.

Deputy County Clerk L. A. Rudolph, in Superior Judge Ogden's court today, drew a new jury panel to serve for the next three months. The jurors are to report in Department No. 5 next Thursday morning.

The seventy-five names drawn are as follows:
Eugene W. Becker, Augustine Bernal, Henry Black, H. C. Brown, J. P. Brown, Robert Bleakley, Ira N. Brecklow, Morris Brown, O. D. Brown Jr., Walter E. Brown, W. J. Ashley, Edmund Arnold, Frank J. Caldera, Francis Champion, J. J. Conley, Ralph E. Cotter, Harry A. F. W. DeLuna, John E. Deitzman, Elizabeth Dow, John Eadie, William M. Elsworth, Henry H. Eetter, Elma H. Fenwick, W. H. Fisher, Clara Fishman, M. H. Garcia, C. Hansen, George Hayward, Wm. E. Hoogs, Joseph H. Morby, Frank M. Hurd, Gavin W. Hutchins, Robert E. Iwan, E. R. Keiser, Harry Kettwell, W. A. Kilgore, Ernest Kockenberger, Jos. Krounberg, John Lusten, W. H. Moore, James Murray, A. B. P. Geo. L. Mohr, Christopher A. Mulvey, Hugh McCracken, Thomas McGinness, A. T. Newth, J. D. Norris, John Nub, Henry Penning, Thos. Pringle, P. Rasmussen, A. J. Richards, Wm. S. Riley, C. M. Rosenberg, John Ruedy, J. Seiseger, Morris Schneider, William Short, John Slavich, D. W. Starrer, Winfield L. Thibaut, Richard Townsend, C. C. Underwood, Charles A. Wakefield, W. M. Ward, G. W. Weffer.

DUTY ON SUGAR IS NOT TO BE RESTORED

WASHINGTON, June 2.—Secretary Redfield said yesterday that he had not made any investigation or report on the sugar industry, and that he did not contemplate making any. It had been reported that as the result of his investigation a change in the duties on sugar might seem desirable. Secretary Redfield said that the only thing his department had done in connection with the sugar industry was that the bureau of customs and domestic commerce had prepared for Representative E. Broussard of Louisiana some statistics with reference to the movement of sugar.
Democratic leaders in Congress also denied the report that they were considering restoring a part of the duty on sugar.

WIRELESS STATION FOR MT. DIABLO IS PLANNED

WASHINGTON, June 2.—An observation station for the weather bureau soon will be established on Mount Diablo. A wireless military and signal station for the war department will be established at the same time.
The department of agriculture plans to build a road to the top of the mountain and encourage reforestation with a view to increasing the water supply of the region.
Representative Curry has the matter up with the war and agricultural departments. Curry and the California Contra Costa county and the Oakland Chamber of Commerce have urged the various improvements for Mount Diablo.

SEGEL TO BE TRIED IN FAIR ATMOSPHERE

NEW YORK, June 2.—Justice Blanchard of the supreme court yesterday granted a change of venue to Frank S. Vogel and Henry Smead on the ground that the atmosphere prejudicial to their interests exists in New York.
The two former department store merchants will be brought to trial in some other county in the state.

Segel and Vogel are defendants under fourteen indictments and against them for their methods of operating mercantile enterprises and a private bank which failed.

POLICE CHECK CLEANUP.
That the garbage cans at Seventh street and Broadway were a nuisance to aesthetic minds and extremely unsanitary to a modern city, was the opinion of John Flynn, a sailor and G. Ann Flynn, a bookkeeper, who early this morning sought to improve Oakland's appearance by kicking over the cans.
The men were booked on charges of drunkenness and malicious mischief.

Get Rid of the Torment of Rheumatism. Remember how stiff and active you were before you had rheumatism. Stiff, aching, swollen, aching joints and stiff, painful muscles? Want to feel that way again? You can—just take Foley Kidney Pills. They get right at the cause of your pain and misery, put your kidneys in sound healthy condition—make them active and strong. This begins good work just as soon as you start taking them. Start today, and soon you will again be a free and free from pain. Good everywhere.

SAMPLE WEEK

Devoted to the Sale of Travelers' Samples

Dresses, Suits, Millinery, Muslin and Crepe de Chine Underwear, Lace, Embroideries, Silks, Wash Goods, Corsets, Curtains, Etc.

Sample Line of Lingerie Waists

Small in Quantity, but Great in Value
Voiles and lingerie materials. Being a sample line there are a great many styles from which to choose. Mostly low neck and short sleeve styles effectively trimmed with dainty laces and insertions. The savings are ONE-THIRD BELOW REGULAR.

Reg. \$1.25 Waists, 85c Reg. \$2.00 Waists, \$1.50
Reg. \$1.50 Waists, \$1.15 Reg. \$3.50 Waists, \$1.75
Higher priced Waists at proportionate reductions.

TRIMMED HATS—Worth to \$10—Going Tomorrow for \$2.95

This remarkable millinery sale will take place on the Second Floor department tomorrow in connection with Sample Week. A clearance of beautiful summer hats that are alive with style. Hats half and less than half their original worth. No two alike.

The Right Kind of Hair Preparations

AT THE DRUG DEPARTMENT.
Dandruff, falling hair and scalp irritations should never be neglected, for the result may mean thin, dead hair, premature grayness, or even total baldness. Special stress is laid upon the value of "Reaxal" hair tonic in cases of scanty hair growth; "Red Feather" Hair Tonic prevents dandruff and relieves scalp irritation; "Harmony Hair Beautifier" imparts a silky gloss and lustre. Here follows a list of the best known and most popular hair tonics—at the drug department.

Woolly's Sage and Sulphur	50c-80c
Hays Hair Health	39c-79c
Swiss	40c-80c
Dandrin	19c-39c, 80c
Newbro's Herpicide	40c-79c
Lennox Scalp Cleaner	75c
Barker's Hirsutus	67c, \$1.25, \$2.75
Parlan Sage	43c
Parker's Hair Balsam	40c-81c
Star Hair Remedy	85c
Currier's Hair Coloring	50c
Ayers Hair Vigor	85c

Hair Brushes

As important as the hair tonic is a good hair brush. Thorough brushing will do much to preserve the natural color of the hair, keep it soft and luxuriant, and prevent dandruff. A brush must be carefully selected, however, in order that the best results may be obtained. Thin, coarse hair requires a certain kind of brush, while fine luxuriant hair requires another. We carry hair brushes of every conceivable kind to fit any particular kind of hair, in Ivory, Ebony, Rosewood, etc.
The brush illustrated 50c

Combs

Your Comb, too, must come in for a good share of attention. Great damage can be done by using a comb which is not adapted to the hair. Split, broken, lifeless hair is often caused by the use of carelessly selected and poorly made combs. All of our better grade combs such as the "Tocco," are hand finished and polished—each tooth is separately finished. These combs are all hard rubber and are priced from 25c to \$1.00 at the Drug Department.

REMEMBER THIS—Good Care Means Good Hair.

Scrims in Yard Lengths—10c

Mill ends of all kinds of nets in Arabian color. Widths to 50 inches. Length one yard. Regular value to 50c.

CUMMINS HOLDS
LEAD IN PRIMARYU. S. Senator Looks to Be the
Winner in Iowa
Election.

DES MOINES, Ia., June 2.—Overnight returns today from yesterday's state-wide primary had not materially changed the situation. Senator Cummins maintained an estimated lead of 50,000; Governor Clarke seemed assured of 20,000 majority and Charlesmen Maurice Connolly of the Third Iowa district seemed victor over E. L. Meredith of Des Moines for the Democratic senatorial nomination by 15,000 to 20,000.

Difficulty in getting definite returns confronted officials and this morning less than 500 precincts out of 2100 had reported.

The Progressive nomination for United States Senator switched to the doubtful column early today. Last night's returns indicated the success of S. H. Hatcher or Waterloo over G. S. Schenk of Des Moines, but later reports placed them nearly even. In the Seventh Congressional district contest C. C. Dorell of Des Moines appeared to be leading W. O. Payne of Nevada and J. I. Myerly of Des Moines for the Republican nomination.

John T. Hamilton of Cedar Rapids appeared to be the Democratic nominee for governor.

BALLOT FOR SENATOR

JACKSONVILLE, Fla., June 2.—In the state-wide primary today ballots were cast for the nomination of Democratic candidates for the United States senatorship, four members in the national House of Representatives and various state and county officers.

Senator Duncan U. Fletcher is seeking re-nomination and is opposed by John N. C. Stockton of Jacksonville. All of Florida's present representatives in Congress, Stephen M. Sparkman, Frank Clark, Emmett Wilson and Claude L'Engle, are seeking re-nomination and all have opposition.

DISTRICT REMAINS "DRY"

EUREKA, June 2.—The second supervisorial district containing the largest unincorporated towns of the Eel river valley, voted yesterday to remain in the "dry" column by 849.

8-HOUR LAW
IS ATTACKED

SACRAMENTO, Cal., June 2.—The proposed universal eight-hour law which will be voted on at the November election, was attacked at the general meeting of the California Fruit Growers' convention today. George H. Hocke, county horticultural commissioner of Yuba; George W. Pearce, almond grower of Davis, and Mrs. Elmer Hoppin, extensive alfalfa farmer of the Yolo district, denounced it.

The meeting at which the subject was taken up today was presided over by C. C. Teague, who said it would deliver a severe blow to the citrus industry if adopted.

Teague said that after the cost of production and marketing a box of oranges was laid there would be about three cents to provide interest on the farmer's investment.

Hocke declared that the enactment of the measure would not improve the condition of the laborer because it would reduce the income of the worker and draw thousands of jobs men from outside of the State under the impression that California would be a labor paradise.

Mrs. Hoppin asserted that from information she could gather intelligent members of the labor unions were against the proposed law.

WELL KNOWN SPORTSMAN
DIES AT SANITARIUM

SAN FRANCISCO, June 2.—Charles Y. Williamson, president of the British Empire Club and the California Football League and one of the best-known sportsmen on the coast, died on Sunday in Adler's sanitarium of heart disease.

Williamson was 36 years old and a native of Ireland. He had lived in California for many years.

From Rugby and soccer football and was instrumental in introducing water polo here. He was a member of the United League, Olympic and Press Clubs and devoted his time almost entirely to the interests of the sport.

His death will be mourned by amateur athletes in all parts of California.

WAVE LEAD TO BETTER HEALTH. When children start in disorders of the stomach and bowels, the best remedy is Dr. King's Little Blue Pills. They Purify the Blood.

CUP YACHTS RACE

Vanitie and Resolute in First
Preliminary Tryout for
Defender Honor.

RYE (Associated Press boat by wireless), June 2.—On a fifteen-mile triangular course, the cup yachts Vanitie and Resolute crossed the starting line shortly before 1 o'clock this afternoon in the first preliminary race on Long Island sound, incident to selecting a boat to defend the America's cup.

The Resolute, owned by the Flag Officers' Syndicate of the New York Yacht Club, shipped over the line at 12:48:12, 34 seconds ahead of the Vanitie, built for A. S. Cochran.

The yachts rounded the third mark in the following order: Resolute, 2:45:40; Vanitie, 2:46, unofficial time.

The yachts now had covered half the race and Vanitie had gained 14 seconds on Resolute's first time around the triangular fifteen-mile course. The big sloops then stood away for the first mark for the second time around on a broad reach.

Vanitie led Resolute by one minute and a second at 3:01 o'clock this afternoon when both sloops were standing along a reach toward the first mark.

This is their second time around the fifteen-mile course. Vanitie passed Resolute at 3:08 o'clock. As a drifter she showed to advantage.

Actress Is Bride, to
Surprise of Friends

ALAMEDA, June 2.—Without telling her relatives or friends, Miss Ramona Radcliffe, who has been prominent in theatrical circles in this State, went to Martinez last Saturday and became the bride of Samuel E. Statler of San Francisco. The ceremony was performed by Rev. Father Walsh.

Mr. and Mrs. Statler had planned to be married later in the month, but suddenly decided to plight their troth and then tell their relatives and friends about it. They are to reside in this city, having purchased a home on Mountain street.

Mrs. Statler is the daughter of Mrs. Zoe Green Radcliffe and sister of Mrs. A. C. Labouret. Statler is connected with the Nathan Dohmann Company of San Francisco.

New Haven Directors
Hold Special Meeting

NEW YORK, June 2.—Directors of the New York, New Haven and Hartford Railroad Company gathered here today for a special meeting, presumably in connection with a message of Governor Walsh the Massachusetts legislature in which he urged the divorce of the Boston and Maine railroad from the New Haven.

New Haven shares fell to 65, a new low record, during the forenoon.

C. E. GIBBS APPEARS ON
'MINE SALTING' CHARGE

SAN FRANCISCO, June 2.—Charles E. Gibbs, a mining broker, residing in Alameda and an official of the Moccasin Consolidated Mining Company, appeared before Police Judge Crist today to answer to a charge of misappropriating \$73,000. His counsel entered a motion to dismiss the charge, which was overruled by the court. Owing to the fact that Judge Crist contemplates taking a month's vacation the case was continued until July 13.

The complainant against Gibbs is H. U. Jaudin, who declares that he was led to invest in the Moccasin Mining Company and has set up the claim that the mine was "salted."

SUFFRAGETTE ATTEMPTS
TO BURN A MANSION

LEICESTER, Eng., June 2.—An attempt by an arson suffragette squad to burn a mansion near Market Harborough was frustrated today by the timely discovery of the underground passage, on which inflammable materials had been piled.

CUPID BUSY IN CHURCH CHOIRS

Three Romances Among Singers Ends in Wedding Ceremonies.

FRUITVALE, June 2.—The seventh choir romance to culminate before the marriage altar in Fruitvale was that of Miss Gladys Hudson and Herbert Hood, members of Fruitvale Congregational church choir who will be married this evening by Rev. Edville E. Roy, pastor of the church. Special music will be rendered by the choir. The bride of this evening is a prominent church worker in

sides of the bay. Hood is employed in a bank in San Francisco. After a honeymoon trip the couple will live in Fruitvale. Announcement has just been made of still another forthcoming choir marriage, that of Miss Josephine Bucher, a member of the Young Ladies Sodality and of St. Elizabeth's church choir and Carl Weber, also a member of the church choir and financial secretary of St. Joseph's Young Men's Sodality. The bride-to-be is a daughter of Mr. and Mrs. George Bucher of 1234 14th street. Weber is a son of Mr. and Mrs. John Weber of 1537 Thirty-fifth avenue.

The marriage will be an elaborate church affair Wednesday, June 17. The couple are prominent in society and are receiving the congratulations of a host of friends. Miss Bucher is an amateur actress of ability and takes leading roles in the Sodality plays. Weber is a well-known athlete and holder of several records in the district. Several affairs have already been held in honor of the couple.

A third choir wedding which will be celebrated in Fruitvale this month is that of Miss Rose Bold, daughter of Mr. and Mrs. John Bold of 1934 Minnesota avenue and Paul Schmidt, who will be married in St. Elizabeth's church. The couple are prominent in Sodality circles.

KNOWLAND WILL DEDICATE BELL

Congressman to Be Speaker at Hanging of El Camino Real Landmark.

PAYHAWK, June 2.—Congressman Joseph R. Knowland will be the principal speaker at the dedication of the El Camino Real bell which will take place here next Sunday under the auspices of the Hill and Valley Club. The bell will be the gift of the California Historical Landmarks League and chairman of the Historic Landmarks Committee of the Native Sons.

Musical and literary numbers will be part of the program of dedicatory exercises which will be under the direction of Mrs. F. F. Anderson, president of the club. Mrs. W. T. Knightly is chairman of the committee of arrangements.

The Mission bell which has been specially cast to the order of the Hill and Valley Club will hang on an iron standard across from the old Castro home, a historic Spanish landmark in this city.

BOY SCOUTS WILL GIVE BENEFIT ENTERTAINMENT

SAN LEANDRO, June 2.—The San Leandro Company of Boy Scouts will give a benefit entertainment in the best theater next Friday evening. Local and outside musical talent will contribute to an attractive program which is under the direction of Vice President C. W. Dyer.

The new "Lendert" Lyle Ross and Ray Buck have joined the company bringing its membership up to 25. Patrols have been formed for the ensuing half year as follows: Patrol No. 1—Emil Carlotta (patrol leader), Steven Bamauer, Lloyd Bamauer, Jesse Olin (corporal), Clifford Malone, Philip McGough, Patrol No. 2—Henry Richardson, Peter Frates, Walter Christensen (patrol leader), Walter Bruner (corporal), Frank George, Patrol No. 3—Donald Miller, John Fields, Emmet Sheridan, Bennie Ravakes (patrol leader), Henry Jones (corporal), Harold Hatherly, Frank Gonsalves, Patrol No. 4—Ray Buck, Lloyd Richards, Elmer Felton (patrol leader), Douglas Toffelmiller (corporal), Earl Eber, John Shuhaw, George Lund, Patrol No. 5—Paul Michael (patrol leader), Frank Batley (corporal), Milton Stokes, Wilhelm Schmidt, Fred Felix, Eddie Tenny and Lyle Ross.

FUNERAL SERVICES FOR LATE MRS. M. ANDERSON

HAYWARD, June 2.—The funeral took place from the Congregational church this morning of Mrs. Mary K. Anderson, of Byron Springs who died Sunday. Mrs. Anderson was 66 years of age and the wife of Andrew M. Anderson, a well-known rancher of Byron Springs. Interment was in the family plot at Mount Eden cemetery.

ELMHURST MOTHERS TO HONOR SCHOOL STAFF

ELMHURST, June 2.—A reception to Principal Paul Martin and Mrs. J. E. Spencer and Mrs. C. E. Brance of the Elmhurst school will be held by the Elmhurst Mothers' Club Friday, June 6. The members of the teaching staff will be guests at a luncheon. At a business meeting of the Mothers' Club the same day the newly elected officers will take their seats. The following are the officers: President, Mrs. C. E. Wilson; vice-president, Mrs. W. W. Conrath; financial secretary, Mrs. F. Gompf; financial secretary, Mrs. F. Straub; treasurer, Mrs. F. Straub; delegates, Mrs. Alexander Brown.

MISS TAYLOR'S PUPILS TO APPEAR IN RECITAL

One Oakland pupil of Miss Ethel E. Taylor will give recital and concert at Yvonne hall, 5117 East Fourteenth street tomorrow evening. Miss Taylor formerly taught in San Francisco and has now taken up her home at 622 East Seventh street.

SAN LEANDRO HAS A 'TRAFFIC COP'

Route Is Changed for Motorists Through Street Repairs.

SAN LEANDRO, June 2.—A traffic "cop" has been found necessary in San Leandro because of the heavy motor traffic which has been diverted through town by the temporary closing of the fourth boulevard for repairs. Several thousand automobiles and motorcycles passed through town Sunday, but precautions taken by the town authorities prevented any accidents. M. Frates was on duty at the junction.

UNION HIGH SCHOOL SENIORS TO ENTERTAIN

NILES, June 2.—Students of the Centerville Union High School of this district will gather tonight at the class exercises of the senior class, the affair to take place in the Centerville Town Hall. The officers of the class have planned an elaborate entertainment for the evening.

Friday night will see the commencement exercises of the school, these to be held in the grammar school auditorium, when Dr. Francis Van Horn, pastor of the First Congregational Church of Oakland, will be the principal speaker. Dr. Van Horn will be the class orator, addressing the graduates on their duties in after life. The baccalaureate sermon for the High School commencement week was preached Sunday by Rev. M. Harbutt of the Niles Congregational Church, at a special service in which the church choir rendered music and the students, including those of the entire township were guests of the church. R. O. Moter, an instructor in the High School, had charge of the choir.

FRUITVALE WOMAN'S CLUB WILL HOLD RECEPTION

FRUITVALE, June 2.—The Fruitvale Woman's Club will close its first six months' work with a reception and tea at Fairview hotel tomorrow afternoon. Miss Estelle Bowman and Miss June Miles will contribute musical selections, and Miss Pamela W. d. will talk on "The City Beautiful".

The officers of the club, all re-elected, are: Mrs. Alice E. Sorrell, president, first vice-president, Mrs. E. E. Averill, second vice-president, Mrs. E. W. Barrett, secretary, Miss Ida B. Diserens, treasurer, Mrs. J. Anderson.

The club is maintaining the Upper Fruitvale Branch Library, which has been very successful and is thoroughly up-to-date.

UNION CIVIC CENTER TO HOLD BUSINESS MEETING

FRUITVALE, June 2.—The Union Civic Center is working late into the evening in this city. Two important meetings of the Union Civic Center are scheduled for this month. A business meeting will be held Friday afternoon, June 15, when reports will be given by the delegates to the California Civic Center conference. Mrs. B. F. Giddings and Mrs. R. Mastick are the delegates who will have in report.

The Union Civic Center is an enthusiastic supporter of the Alameda County Farm Bureau and the work of the Bureau. The question of appointing an adviser for the county will be discussed at a luncheon Friday afternoon, June 27. H. R. Robinson, president of the Bureau, has been invited to explain the aims of the organization.

"We think the Bureau is going to do splendid work," said Mrs. R. Mastick, a prominent member of the Center. "Women throughout the county ought to give the farm adviser movement every support."

HAYWARD MERCHANT IS CALLED BY DEATH

HAYWARD, June 2.—M. S. Silva, a prominent merchant of this city died Sunday at his home here after a protracted illness. Decedent was about 60 years of age and is survived by a widow and several of a family. He had lived here for many years and was a native of Portugal. Funeral services will be held tomorrow in All Saints' church, interment will be in St. Joseph's cemetery.

HAYWARD BUSINESSMEN WILL HOLD LUNCHEON

HAYWARD, June 2.—The next businessmen's luncheon will probably be held on Wednesday afternoon, June 13. The luncheon was to have been held tomorrow, but has been postponed.

WOOL INDUSTRY IS TO BE DISCUSSED

Experts Gather at Washington for First of Series of Conferences.

WASHINGTON, June 2.—Representatives of the wool industry from various parts of the country gathered here today for the first of a series of conferences with officials of the department of agriculture for the purpose of stimulating interest in new and improved methods of raising sheep and manufacturing wool. The conference was to continue for three days and a number of prominent men identified with the trade were on the program for addresses. Practically all phases of the wool industry were to be discussed.

CLIFF HOUSE DENIZEN, JIMMY WOODS, DYING

Jimmy Woods is very ill. He is a boy of old age and all his friends who congregate around the Hotel St. Francis and the Cliff House are feeling sorry. They fear that Jimmy, feeling his years sit heavily on him, will commit suicide and some day will be found lying on the beach. Jimmy Woods took the place of Ben Butler as the King of Seal Rocks. He was named for James Woods, who has something to do with the St. Francis, and the christening was a great occasion at the Cliff House.

WHEAT BELT HAS WORK FOR 82,000 FARM HANDS

WASHINGTON, June 2.—Kansas, Missouri and Oklahoma raisers of wheat need at least 82,000 more men to help in harvesting their crops, and the commissioners of labor of those states have asked Secretary of Labor Wilson to have his department cooperate with them in obtaining the necessary workers.

HISTORIC BUILDING OF FAIR IS BURNED

SAN FRANCISCO, June 2.—The historic old Humoldt county building of the Mid-Winter Fair, which for years has stood unoccupied at the northeast corner of Forty-ninth avenue and Fulton streets, was nearly destroyed by a fire which started in a restaurant across the street shortly before 2 o'clock this morning. The restaurant was totally destroyed.

INDIANA MAY DOUBLE SUM FOR EXPOSITION

INDIANAPOLIS, June 2.—Indiana's Panama Exposition committee probably will ask the next state legislature, which meets in January, 1935, for an additional \$500,000 to \$750,000 for an exhibit at San Francisco.

WHEAT BELT HAS WORK FOR 82,000 FARM HANDS

WASHINGTON, June 2.—Kansas, Missouri and Oklahoma raisers of wheat need at least 82,000 more men to help in harvesting their crops, and the commissioners of labor of those states have asked Secretary of Labor Wilson to have his department cooperate with them in obtaining the necessary workers.

INDIANA MAY DOUBLE SUM FOR EXPOSITION

INDIANAPOLIS, June 2.—Indiana's Panama Exposition committee probably will ask the next state legislature, which meets in January, 1935, for an additional \$500,000 to \$750,000 for an exhibit at San Francisco.

Business Good in California.

Business is good in California. There is great activity manifested along various lines. Mining appears to be on the upgrade. Reports from the hills are optimistic. One gold mining concern at Grass Valley has just declared a dividend of \$50,000, and it is asserted that this sum makes more than a total of \$4,000,000 paid since the incorporation of this one company. Four gold mines are to be opened in El Dorado county and developed extensively. English capital is behind two of these and San Francisco money behind the others. A strong eastern syndicate is preparing to develop the gravel channels of an old property near Smartsville, Yuba county. One property in Siskiyou county yielded \$7000 as the result of one day's work.

Other lines are showing up well. Reclamation and irrigation are being prosecuted with vigor. As an instance it may be cited that two new companies are placing water on 20,000 acres in the Shasta district, near Montague. Siskiyou county, for the first time. Plans are being made for the establishment of a new town to be known as Granada in the same section and the acreage to be watered is to be increased. Dams are to be opened for a big pumping plant in the neighborhood of Vernon, Sutter county, pipes and machinery for a new water system at Montague have arrived and work is under way at this writing.

Agriculture is in a thriving state. Among the enterprises deserving of mention is the rice industry. In Butte county 14,000 acres of rice are planted where in 1913 but 6200 was devoted to the purpose. The prospects are favorable to a big yield.

Good prices are being obtained for all lines of produce. Cherries have netted growers a good revenue. Solano and Butte counties report contracts for the almond crop at from 13 to 16 cents a pound. One grower near Dixon, Solano county, has received a \$10,000 check for his crop, others report good returns. Everything that California produces is in good demand and while it has been said that certain crops are not quite up to normal, the difference in values will more than compensate. Produce is moving at a lively rate and canneries report good business. Oakdale has for some time been putting up 50,000 cans daily of peas alone.

That which has been said does not apply to the citrus crops of the south, to its cotton or its canteloupes. Neither does it allude to the oil business, reported as increasing and it is apparent there are many other lines which cannot be included for the reason that space will not permit.

While California's prospects are good, the State is not alone. Other States report an excellent outlook. The president of the United Steel Corporation says the business prospect is good, and when the iron and steel trade is active all lines of business are active.

There is little good in looking at the hole in the doughnut; look at the doughnut. Do not be pessimistic. Be an optimist. With crop prospects so great that the railroads are planning to use every car possible, with the general condition brightening every day there is no use pouting or frowning. Smile, because better days are coming and the advance guard is already here. Business is good, prepare to get your share of it and by so doing lose an opportunity for grumbling.

Mt. Wilson's new telescope, when completed, will, it is claimed, give a view of the moon as though it were only forty miles distant, instead of 240,000. With this great glass in use the man in our satellite will have to hie himself to the other side to avoid discovery.

The Stockton Record having declined to answer a fair question and having shirked argument as to the merits of a statement made by it to the effect that the people are not to be trusted, under the initiative law to handle their own funds, so far as THE TRIBUNE is concerned, the incident is closed.

California's horn of plenty is being blown from 100,000 automobiles.

Chicago's stock of certified babies has been exhausted, but the stork is still delivering the ordinary brand.

Inferring from the dictator's activity when Villa finally reaches Mexico City he will not know Huerta find him.

Millions for Panama-Pacific Exposition.

THE TRIBUNE is informed on the statement of a member of the directorate of the Panama-Pacific Exposition that between this time and February 1, 1915, approximately \$44,000,000 will be spent on behalf of the great display.

This is a very gratifying announcement. It means the addition of an average of \$5,500,000 monthly in the bay region to the channels of trade, for this money will be distributed locally, for the most part. Such a sum will be a great stimulation to industry and commerce and a great help to business in all the cities tributary to the exposition.

The American Medico-Psychopathic Association at its Baltimore session, declined to endorse the eugenic marriage laws proposed in several of the States. Eugenics were said by one speaker to be the ideas of those past the age of marriage and therefore not sound judgment. We feel like proposing three cheers for the association.

The arrest of Margaret Wilson, daughter of the President, for speeding, demonstrates that she can "go some" even if she is slowest of the family in the matrimonial race.

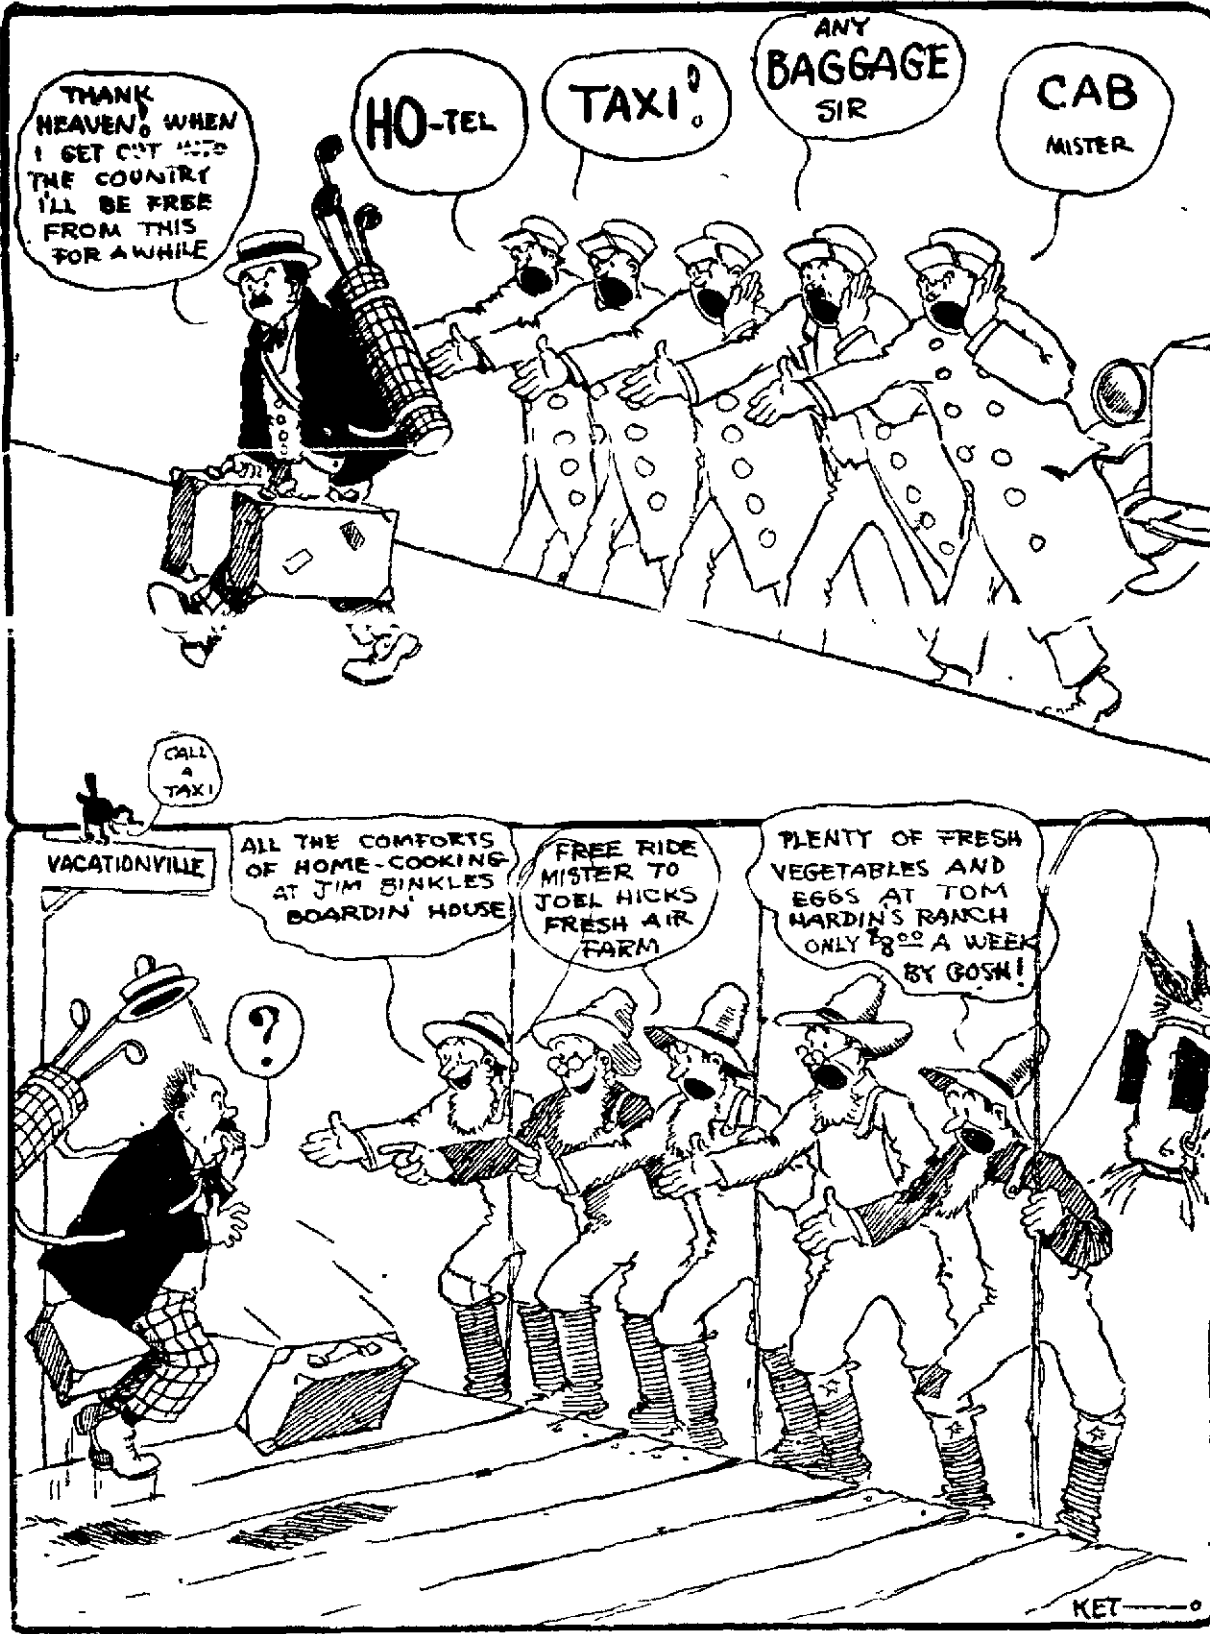

Comes now the time when the speech of the favorite candidate will be headlined as a "Ringing Address," while the effort of his opponent will be designated as a "Morbidity Utterance."

If you have not voted on the formation of a Metropolitan Police District by last day cities there is still plenty of time.

President Wilson has discontinued his semi-weekly "heart-to-heart" conferences with the newspaper men of Washington. The days had such a direct way of asking questions regarding important matters that the executive oftentimes was embarrassed, and while the correspondents never violated a confidence, their interrogating process got on his nerves.

Congressional nomination in the district represented by E. Hayes. Let he misses the mark.

WHAT'S THE USE!

Colorado Strike Costly Affair.

One of the first pass-words of the knights of labor, leading organization of workingmen and women during the late eighties was "Avoid Strikes." This society at that time taught that strikes were losing games for employer and employed to play, and this countersign was used in order to keep the thought ever in mind, although despite the teachings imparted members engaged in walk-outs.

That strikes are costly and disastrous is evident from a perusal of figures submitted by mine operators and unions involved in the Colorado coal fields, where the miners have been out since September 23, 1913. The cost of the eight months' industrial conflict is estimated in round numbers as being between \$10,000,000 and \$13,000,000. These figures include about \$700,000 expended by the State in keeping militia in the mining districts where trouble has been in progress. The union officials estimate their losses at \$6,925,000, while the loss to the operators, given in a general statement is "several millions." It is believed the approximate amount is between \$4,000,000 and \$5,000,000. According to the state coal mine inspector, there are 3386 less men employed than a year ago, which at the usual rate of estimate used in computing population means that 19,430 persons have been affected by the trouble, the average family being five, which would mean that 15,544 women and children have suffered to a greater or less extent by their husbands being out of work. Production of coal has been 820,761 tons less for the first three months of 1914, compared with the first three months of last year, and this shortage, coming in the winter time has no doubt affected prices, so that persons not engaged in the strike either as miners or operators have been put to financial inconvenience. But the loss of money and the annoyances incident thereto are not all the results. Sixty-six persons have been killed in the disorders occurring, classified as follows: Eighteen strikers, ten mine guards, nineteen mine employees, two militiamen, three non-combatants, two women and twelve children. This last result is by far the more serious, for human lives are not to be estimated in dollars and cents.

Nor is the end in sight. It is said the warring factions are no nearer settlement than they were weeks ago, this statement being concurred in by both sides.

Such conditions ought not exist. Surely a State having in itself the elements of greatness such as Colorado possesses should be able to settle this difficulty. With due regard for the rights of all concerned, both should be compelled to arbitrate the differences and restore peace. It is not so much the men who are working—although they are entitled to a full measure of consideration—or the owners—equally entitled—but the innocent human beings drawn into the vortex of trouble by the force or circumstances and not of their own volition. The women and children have rights, which, although they may not be defined strictly by law, are none the less inherent and inalienable. Then there is the sentimental or moral aspect. It is a crying shame to a free State that such conditions should have been possible under the laws of a commonwealth, where the people are presumed to rule, that for eight months a State bordering on anarchy should have been tolerated, when by vigorous action both elements could have been brought to terms and an amicable and just conclusion arrived at.

Dispatches from the special correspondent of a San Francisco paper stationed at Mazatlan says that "American commanders, bluejackets and marines are watching with bated breath the outcome of the current struggle at that place. In the light of the recent order by Secretary Daniels regarding the use of intoxicants in the navy, this "bated breath" business seems suspicious.

Twenty Years Ago Today

This morning Superintendent Martin took hold of the Oakland Cable Company, which controls the cable line on San Pablo avenue and the Telegraph avenue electric line. Mr. Martin was formerly connected with the Howard street line when it was operated with horse cars, and later when the cable was introduced.

A scow upset off Goat Island. One man on it was drowned. The other clung to the side of the boat and was rescued by the tug Hazel.

Sepio Clark of the Redlands Citygraph is after the Republican nomination for state printer.

The Alameda County Federation of Trades at its weekly meeting, decided to go into politics and, after quite an interesting discussion adopted a platform demanding the "relative referendum compulsory education, a legal eight-hour day municipal ownership of street railways and electric plants nationalization of telegraph telephone and railroads progressive income tax and initiative tax and the repeal of the poll tax. The federation then endorsed Congressman English on the postoffice building.

Stuart Robson and his talented company have been engaged to appear at the Macdonough next week. The "Comedy of Errors" has been selected for the opening attraction.

The marriage of William Cobb and Miss Emma Christensen, both of Livermore, took place at the bride's home.

The early history of Oakland was well told in the Superior Court in the waterfront suit. Attorney Davis offered in evidence the patent of the United States to Domingo and Victoria Perich, which was read in full.

Rev. Dr. Sweeney and wife returned from Liverton Springs and stopped at the Hotel Crellin.

POINTED PARAGRAPHS

One kiss, more kisses, one Miss, then Mrs. Happiness is given to us by the ounce and misery by the pound. If a girl has Tintin tinted hair her rivals insist on calling it red. It is easy for women to get excited over a thing they can't understand. The reason a woman is afraid of a mouse is that she knows it can't hurt her. Even when a girl loves a man for his money she is too modest to mention it. Speaking of paradoxes—did you ever notice that a man with the big head wears the "smallest hat"?

The best motor oil the Standard Oil Company can make.

Walnuts to Grow on Oak Trees.

An interesting experiment is reported from Sonora, Tuolumne county. It appears that the owner of a large number of live oak trees conceived the idea some time ago of grafting English walnuts on this hardy stock. Success attended his efforts and the nuts thrived well. Now it is planned to utilize the forests in Tuolumne and Calaveras counties and it is related that even the unirrigated districts will be made to pay dividends.

This is an important announcement and one which means much to California, studded as it is with oak trees in many localities. If these trees can be made revenue-producers the addition to the wealth of the State can hardly be estimated. The walnut tree is slow in growth, although more rapid here than in many localities, but with this system of grafting the returns will be quick, for the tree has attained maturity and the only time required is for the grafted branches to come into bearing.

While on this topic a suggestion may not be out of order. The black walnut of the eastern States is nearly extinct, due to the demands of furniture-makers for this beautiful wood.

Walnut is a delicious nut and the demand is good at all seasons. If experiments demonstrate that this variety can be grown here with success, an additional market will be opened which will yield great revenue to the California growers.

RUBBER FOR FLESH

That rubber may be substituted for flesh in the human system is the statement of a discovery just made by Professor David Fleschl, of the City Hospital of Bergamo, Italy. He has proved after careful experiment that India rubber may be successfully introduced into the system and perform the function of flesh or other tissue.

He uses an especially prepared aseptic rubber, of course. The marvel is that after it has been associated with the tissue for some time it seems to lose its character of a foreign body and behaves almost as if it had been born in the body.

Dr. Fleschl is well known for his work upon the arteries and veins, and during the past 10 years he has demonstrated how one may take the place of the other, and how they may be substituted when diseased. He has been successful, too, in the transplanting of various organs from animals to human beings, but he considers the finding of the rubber substitute for natural tissue his greatest triumph.

Much has been written about the use of paraffin for tissue but it has not proved really practical, especially muscles or arteries. The objections to paraffin do not hold against this specially prepared rubber. It becomes an integral part of the system and takes on an almost cellular formation.

In fact, Prof. Fleschl calls this rubber "New Flesh," and utilizes it freely in connection with operations where a large amount of tissue has had to be cut away. It is being successfully used in cases of tuberculosis of muscles or points, where the tissue has become so diseased that it must be removed.

There can be no doubt that this discovery will be widely utilized by surgeons, for the need of "new flesh" is often felt, and no one has heretofore been able to supply this crying need. It is not real tissue, in the sense that it is supplied with blood vessels and nerves, but it can be utilized for patching veins and arteries and for filling out space in the body from which the flesh has been removed either by disease or operation.

DEDICATE ITALIAN EXPOSITION SITE

Former Mayor Nathan of Rome Takes Part in the Ceremony.

SAN FRANCISCO, June 2.—With impressive ceremony in the presence of hundreds of Italian and American citizens, the Italian site at the Exposition grounds was dedicated this afternoon. Signor Ernesto Nathan, former Mayor of Rome and Commissioner for the Italian Government, with the Exposition officials, taking part. The ceremony was witnessed by prominent men of the Italian colony and public officials. A guard of soldiers was called out for the occasion.

The festivities began with a luncheon, given in Signor Nathan's honor at the Palace Hotel by officers of the Exposition. Following the luncheon, which was informal, the officers took an automobile, for the big parade, in which machines of those visiting the ceremony proceeded to the Latin quarter.

At the Presidio a review of troops was seen, following which the parade proceeded to the Exposition site. Yesterday morning Commissioner Nathan visited the Exposition headquarters, where he interviewed the president and other Exposition officials. He was accompanied by Chevalier Ferdinand D'Amico, Italian Consul-General, and M. P. Perasso, president of the Italian Chamber of Commerce. During the afternoon he visited the Exposition grounds, making a tentative selection of a building site.

SPECIAL DAYS.
The following special days for 1915 have been announced by the department of special events of the Exposition: July 17, "National Italian Day"; July 20, "National Italian Day"; July 20, Phoenix, Salt River, Prescott and Tucson day; August 1, Arizona day; April 18, Insurance day; August 1, Waltham day; July 8, Nashville day; May 14, California Gray day.
According to a dispatch received yesterday by the bureau of aeronautics, representatives of Governor Carey of Wyoming, together with Mayor La Fontaine of Cheyenne, Dr. J. B. Guthrie, Secretary Walker of the Cheyenne Industrial Club, and others, met for a conference with the Exposition's race representative, who is on a tour of the world, taking the route that will mark the course of the contestants in the world flight. Cheyenne will be the first control point and \$50,000 has been raised as prize for the first arrival at that point. Committees are to be appointed to arrange a big carnival to be held in Cheyenne during the week the fliers are expected to reach there.

TANGO CRAZE PROFIT FOR CLOTHING MEN

ATLANTIC CITY, N. J., June 2.—The "tango craze" has helped to save the wholesale clothing trade from President Wilson's "psychological depression," according to the heads of that industry here for the eighteenth annual convention of the National Association of Clothiers, which opened yesterday. "Men who couldn't be pushed into a dress suit a year ago are now most quick about their garments, and the craze for dancing has brought about the change," declared a delegate. "Let a man get the tango habit and he will discard his dress suit of ancient vintage for one with all the latest kinks."

WOMEN FROM 45 TO 55 TESTIFY

To the Merit of Lydia E. Pinkham's Vegetable Compound during Change of Life.

Westbrook, Me.—"I was passing through the Change of Life and had pains in my back and side and was so weak I could hardly do my housework. I have taken Lydia E. Pinkham's Vegetable Compound and it has done me a lot of good. I will recommend your medicine to my friends and give you permission to publish my testimonial."—Mrs. LAWRENCE MARTIN, 12 King St., Westbrook, Maine.

Manston, Wis.—"At the Change of Life I suffered with pains in my back and loins until I could not stand. I also had night-sweats so that the sheets would be wet. I tried other medicine but got no relief. After taking one bottle of Lydia E. Pinkham's Vegetable Compound I began to improve and I continued its use for six months. The pains left me, the night-sweats and hot flashes grew less, and in one year I was a different woman. I know I have to thank you for my continued good health ever since."—Mrs. M. J. BROWNELL, Manston, Wis.

The success of Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, is unparalleled in such cases. If you want special advice write to Lydia E. Pinkham Medicine Co. (consultants) Lynn, Mass. Your letter will be opened, read and answered by a woman, and held in strict confidence.

WITHDRAWAL OF LANDS INVALID

So Rules Court, in Contest of Taft's Oil Holding Decision.

SAN FRANCISCO, June 2.—The famous "withdrawal" order of President Taft, issued on September 27, 1909, in regard to 2,871,000 acres of California oil lands, valued at about \$1,000,000, was declared invalid yesterday in a decision handed down by the United States District Judge Maurice T. Dooling, sitting as judge for the Southern district of California.

Judge Dooling ruled that the President has no power to withdraw land of the public domain from entry unless he is expressly authorized by Congress.

Special Assistant United States Attorney-General E. J. Justice, who was in charge for the government of the suit which was instituted against the

company to have them ousted from 181,000 acres in the Midway district, announced that an immediate appeal from Judge Dooling's decision would be made to the Circuit Court of Appeals.

The question of the validity of the order of President Taft is pending before the United States Supreme Court in the case of the Midwest Oil Company from Wyoming. By the order, 170,000 acres of lands in that state were also withdrawn. The decision in the lower court was against the government, and an appeal was taken to the Circuit Court of Appeals of the Eighth Circuit. The court did not decide the question, but certified it to the Supreme Court.

The case decided by Judge Dooling was filed in Los Angeles. As District Judge Olin Wellborn considered himself disqualified to hear it on account of relationship to some of the officials of the oil companies involved, Judge Dooling took the bench for the decision of the application for an order restraining the defendants from further use of the land and for the appointment of a receiver is denied and the suit is dismissed.

The suit is only one of many, including actions against the Standard Oil Company and the General Petroleum Company that have been instituted by the government during the last few years. The arguments were heard in Los Angeles on January 2.

AUTHORITY EXCEEDED.
Judge Dooling held that President Taft exceeded his authority as executive by ordering the withdrawal and that he could not exercise such power without special action by Congress. "It is clear that no general power of withdrawal exists," said he in the course of the decision, and while withdrawal orders have frequently been upheld, I find no case broad enough to cover the withdrawal of over three million acres of land from the operation of the mineral land laws whether in aid of proposed legislation as stated in the order, or for the purpose of securing a supply of fuel oil for the navy, as stated in the bill. I am fully aware of the importance of this and kindred cases because of the magnitude of the interests involved. But they are still more important because of the legal principles upon which they must be determined. The effect of the order of withdrawal of September 27, 1909, whatever its purpose, was practically to suspend the operation of the mineral law as applied to the public domains. If such power exists, plaintiff (the United States) should be able to point to some clear legislative or constitutional provision upon which it rests. I am not content to seek for it in the dicta of decisions, or in the shadowy twilight zone lying between powers especially granted to Congress and the powers expressly granted to the President.

"The power to dispose of the public lands has been given to the Congress by the constitution, and I find no conflicting power granted the President by that instrument."

TOO GREAT POWER.
"The promulgation of the order in question I believe to be but one manifestation of the growing tendency to concentrate in the executive more of the power that can be traced to any specific constitutional or legislative provision. As this tendency in the present instance leads to an encroachment upon the domain of the Congress, I am unwilling to further it by my decree of this court, and for this reason it is ordered that the application for an injunction and receiver be denied and the bill itself dismissed."

PROMOTERS ACQUITTED OF FORMING MONOPOLY

SAVANNAH, Ga., June 2.—Four officers of the suspended American naval stores company, charged with violation of the federal anti-trust laws, last night were found not guilty in the United States district court after more than six years' legal action.

The defendants, E. S. Nash, S. P. Shottler and J. E. C. Myers of this city, and Carl Mueller of Jacksonville, Fla., were accused of a conspiracy to monopolize the naval stores trade.

In a previous trial, the four acquitted last night, and George B. Boardman of New York, also an official of the company, were convicted. Fines were levied and Shottler and Myers also were sentenced to three months' imprisonment each.

U. S. IMPORTING MUCH FOODSTUFF

First Six Months Under New Tariff Also Shows Export Reduction.

WASHINGTON, June 2.—With the home demand for domestic foodstuffs almost equaling production, the United States is not only reducing its imports but is increasing its exports of certain foodstuffs. This is one of the striking features of a review today by the department of commerce of the foreign trade during the first six months under the new tariff.

Figures show that imports of foodstuffs in their natural condition, including food animals, increased from \$117,194,237 in the half year ended with March, 1913, to \$143,421,336 during the corresponding period this year and that imports of foodstuffs in the same period increased from \$95,744,241 to \$100,967,378. The increase in importation of all food products in the period named approximated over \$30,000,000 or an average of \$5,000,000 a month.

Figures of exports are even more striking. Of crude foodstuffs exports fell off more than 50 per cent. Prepared foodstuffs also declined. Exports of crude foodstuffs fell from \$116,850,453 in the six months' period ending March 1913 to \$55,432,787 in the corresponding period this year, and manufactured products from \$130,007,425 to \$112,624,540.

Food articles showing largest increases in importations were beef, cattle, corn, wheat, rice, macaroni, fruits, molasses and edible oils.

"HOW TO TIP" TOPIC DISCUSSED IN BOOKS

SAN FRANCISCO, June 2.—"TIP" in the United States, their size and who should get them, is now a subject of international importance. The Oceanic Steamship Company has arranged to flood all Australia with this information, through the newspapers and by circulars from its Sydney office. This will be done to counteract the belief that exists in Australia that all America has its hand out a belief that is interfering with the business of carrying Australians from their homes to England, across the American continent.

FAMOUS TRACK TO GO, SAYS OWNER

"Lucky" Baldwin's Hobby Not Shared by Daughter, Who Plays Golf.

SAN FRANCISCO, June 2.—The famous Santa Anita race track near Los Angeles, one of the last monuments to the fame of the late E. J. ("Lucky") Baldwin, is to disappear forever, and never again will racing horses run for money over the celebrated speedway.

"Lucky" Baldwin's daughter, Anita McClaughry, is going to relocate to oblivion this famous piece of handwork of her father, the thing to which he devoted his declining years and the thing which spoke more eloquently than anything else of the character of the well-known horseman. Baldwin's most cherished ideal to produce the best racing thoroughbreds in the world, his hobby, abandoned by the child who has succeeded to his millions.

Mrs. McClaughry told of her plans, which mean the passing of the race course at the Hotel St. Francis yesterday. The remains of the grandstand, the paddocks and other buildings attached to the track are to be dismantled, and the finest country club sites, with polo grounds and golf links, will take their place.

The passing of the famous track will result in the destruction of the racing track in the city.

ANTI-KAMMIA TABLETS STOP The Pains of Sciatica

Dr. E. C. Underwood says that there is no expression of neuralgia which is more distressing than that known as Sciatica. The cause of this condition is usually exposure to cold and dampness. One of the most common causes is rheumatism; indeed this is so often the case that some writers include sciatica among the varieties of rheumatism.

which such thoroughbreds as the great Emperor of Norfolk, Rey El Santa Anita, Crusader, Santa Anita Star, Belma de Los Angeles, Molly McCarthy, Silver Cloud, Volante, Grinstead and other noted racers owned by Baldwin gained international fame and won for their master a fortune.

"There will be no more horse racing for money at Santa Anita race track," that is the general policy announced by Mrs. McClaughry.

"As soon as possible," she said, "I propose to dismantle the remains of the grandstand and all the paddocks and other buildings attached to the race track and transform it into a country club, with polo grounds, golf links and a splendid modern clubhouse."

Mrs. McClaughry is to spend the next three months in England, France and Switzerland. She will go East by way of Seattle and the Canadian Pacific, accompanied by her two children, Miss Dextra McClaughry and Baldwin McClaughry. Mrs. Mary Norris, Harrie Stewart and W. M. Roby.

Her divorce from Hurl McClaughry will become permanent during her absence from this country on July 16. She declines to discuss rumors that she intends to marry again in the near future.

Richard Walton Tullie, the dramatist, is to be in Europe at the same time. He is to sail from New York in a few weeks to superintend the European production of "Omar the Tent Maker," for which Mrs. McClaughry wrote the incidental music.

GUARD CATTLE.

SAN ANTONIO, Tex., June 2.—Claiming that more than 5000 head of cattle have been driven from their ranches into Mexico in the past year, cattlemen along the Rio Grande have organized the Texas Protective Association and announced today that they will supply 400 guards to aid the border county sheriffs.

These Guards are all in the service of the state and are conservatively armed.

ALL UNITE ON CLEAN-UP PLAN

Plans for making Oakland beau-

Garden Soldier movement are progressing to an extent that is gratifying to those interested. The boys and girls of the city schools are taking great interest in the work and as company after company is being formed the sentiment is intensifying.

As is well known it is proposed to plant flowers everywhere, to beautify the city by the use of schemes of blossoming varieties and as the result of a systematic plan of work transform the municipality into one of the most attractive cities in the world.

But while the juveniles are so engaged their elders can help to an appreciable extent. For example, the use of paint. Paint the house, paint the fence, straighten up the posts, replace the broken shutters on the window, kill out the weeds along the sidewalks, furnish up things generally. If one lives on a dirt road instead of an asphalt thoroughfare, smooth it up a bit; it costs nothing but a little time. Encourage the neighbors by example to follow the plan. Trim the growing vines in a tasty manner, obliterate all indications of slovenliness, no matter whether the occupant be an owner or tenant, for such conduct means an improvement that the worker will appreciate.

There is a certain lot of satisfaction in living amid pleasant surroundings and those who do this work at odd times will have their reward in looking at the improved condition of things. Don't leave all the work to the young folks; the older men and women in the war on unsightliness and as a result of unity of action when the hundreds of thousands of visitors who will be here next year see Oakland they will have nothing but words of praise for a place where so much enterprise is manifested in making it beautiful.

Ambition Pills

For Nervous People

The great nerve tonic—the famous Wendell's Ambition Pills—will put vigor, vim and vitality into nervous, tired out, all in, despondent people in a few days.

Anyone can buy a box for only 50 cents, and all druggists are authorized by the maker to refund the purchase price if anyone is dissatisfied with the first box purchased.

Thousands praise them for general debility, nervous prostration, mental depression and unstrung nerves caused by over-indulgence in alcohol, tobacco, or overwork of any kind.

As a brain food or for any affliction of the nervous system Wendell's Ambition Pills are unsurpassed, while for hysteria, trembling and neuritis they are simply splendid. Fifty cents at all druggists and dealers everywhere. Mail orders filled, charges prepaid by Wendell Pharmacy Co., Inc., New York, N. Y.

Girl Is a Leader Dancer of Note

JESSIE GLADDING.

In the social activities of the Grant school Jessie Gladding is a leader. She is a pupil in the eighth grade and will graduate in January. Jessie is a dancer and has often appeared at entertaining large audiences in the assembly hall of the school.

Preparations are now being made for the graduation exercises in the Grant school. One of the most interesting affairs of the past year was the program given by the students in the French department, when they presented songs, fables and sketches in French.

CATHOLIC LADIES TO GIVE REUNION

Carnival on Bay Beach Will Continue Through Day and Evening.

The annual reunion of the Catholic Ladies' Aid Society will be held this year at Surf Beach Park, in Alameda, on Saturday, June 6. It will be an all day carnival.

From 9 o'clock until eleven at night, there will be sports, both land and water, competitive fancy dancing, a country store, and a temporary restaurant where those remaining for the evening entertainment may procure home made cakes, pies and hot tamales. Dancing will take place in the pavilion during the afternoon.

The carnival is under the patronage of all the bay branches, and a record-breaking attendance is expected. Mrs. J. D. Thomas, president of branch No. 3 of Alameda, and a member of the board of grand directors, is taking a prominent part in the preparations of the fête, and is assisted by a large committee of representatives from branches in San Francisco, Oakland, Alameda and Berkeley.

The committee is as follows: Mrs. P. J. Moore, Mrs. M. J. Smith, Mrs. R. E. Magee, Mrs. Mary Barry, Mrs. E. D. Carroll, Mrs. T. R. Cotton, Mrs. C. A. Loeb, Mrs. A. C. Martins, Mrs. P. Crimmon, Mrs. J. H. Mellon, Mrs. J. F. Kelly, Mrs. J. J. Moore, Mrs. C. H. Miller, Mrs. Wm. Melloy, Mrs. W. Egan, Mrs. Thomas Curran, Mrs. M. Bender, Mrs. J. Lemcke, Mrs. M. Murphy, Mrs. J. Fleming, Miss Jane Mitchell, Mrs. Thomas Peckham, Mrs. R. Filton, Mrs. P. Zavertero, Mrs. J. Gould, Mrs. James Gartland, Mrs. M. Lyness, Miss M. Daly, Miss H. O'Neill, Mrs. Alfred A. Champoux, Mrs. E. F. Garrison, Mrs. M. Barry, Mrs. Nell Henry, Mrs. R. Smith, Mrs. J. McSherry, Mrs. W. McVey, Dr. E. S. Lynch.

BAY SHORE STEAMER SERVICE IS PURPOSED

Regular steamer service along the bay
coast of Alameda and Contra Costa coun-
ties from Oakland to Port Costa is un-
der consideration by Captain H. J. Cor-
coran of Berkeley, a wealthy shipping
man. He is now negotiating with com-
mercial bodies of the cities along the
waterfront for landing facilities. His
plan includes dockage stops at Rich-
mond, Suisun, Sausalito, Sausalito and Crockett.
The Richmond and Contra Costa Club is
working for a landing accommodation for
the steamer line in that city, and if
this can be obtained the others will be
assured.
Captain Corcoran is the representative
of other capital besides his own, and has
agreed to operate a regular line of boats
if the inducements are sufficient.

DRUNKENNESS

is a curable disease, which requires
treatment. The ORPINE treatment can
be used with absolute confidence. It
destroys all desire for whiskey, beer, or
other intoxicants. Can be given in the
home, no salaried expense. No loss of
time from work. Can be given se-
cretly. If after a trial you fail to get
any benefit from its use your money will
be refunded.
No. 1, secret treatment, a powder; OR-
PINE No. 2, in pill form, for those who
desire to take voluntary treatment. Costs
only \$1.00 a box. Come in and talk over
the matter with us. Ask for booklet.

FUNERAL SERVICES FOR LATE OFFICER R. HOGAN

SAN FRANCISCO, June 2.—The fu-
neral of the late Detective Sergeant Robert
Hogan, the oldest police officer in
point of service in the San Francisco de-
partment, was held this afternoon from
his home, 1628 Eddy street, with a full
escort of police.

The services were read in the chapel of
the undertaking parlors at 2413 Mission
street, and there the legion of friends of
the departed officer gathered to pay a
tribute to his memory. The escort of

honor was in command of Daniel Syl-
vester, and the interment took place at
Cypress Lawn cemetery.

\$2000 GREASE FIRE.
SAN FRANCISCO, June 2.—Damage to
the amount of \$2000 was caused by the
boiling over of a pot of grease in the
restaurant and saloon at Golden Gate
avenue and Franklin streets, at 6 o'clock
this morning. The flames spread to the
woodwork near the range in the kitchen
and when the department arrived the
entire back portion of the building was
ablaze. The fire was prevented from
spreading to the flat building above.

DAUGHTER MAY SUE Will of Mrs. Burke Is Disputed

SAN JOSE, June 2.—An estate of more than a quarter of a million dollars, consisting of La Sesta ranch, one of the richest pieces of property in Santa Clara county, and a number of high-bred horses and cattle, as left by Mrs. Burke, one of the most noted horsemen of California, at her death here.

Mrs. Charles Davis of Long Beach, daughter and only heir, who is said to have been disinherited, is expected to reach San Jose either tomorrow or next day from her home in Long Beach, according to the will.

Mrs. Burke was a woman of many peculiarities, according to her friends, who tell of a disagreement between Mrs. Burke and her daughter, which dates back a number of years and resulted in the daughter being cut off from an inheritance.

According to the will of Mrs. Burke, she left the entire estate to her two sons, Mrs. Muller, who for years has been in the company of a secretary as well as housekeeper, and her stableman, known to most horsemen throughout California as "Patsy." The latter was a favorite with Mrs. Burke and she trusted into his care the breeding and raising of her finest race horses and imported Holstein cattle.

Of her three dead children and found in the place of their graves over which she had planted two trees and on which she had caused beautiful flowers to grow, only deep, staring holes.

Frantic at what she considered the desecration of the graves of her children, Mrs. McGregor made inquiries at the cemetery and learned that the bodies had been moved by her former husband.

She went to the office of Attorney Charles Talbot for advice. He told her the law would not punish a man for moving the bodies of his own children, unless he did it for the purpose of desecration alone. Then she went to the district attorney's office, but was unable to obtain a warrant for McGregor's arrest. She threatens a civil suit.

WOMAN IS SUING TWO PHYSICIANS

SANTA ROSA, June 2.—Mrs. Ruby Barndt, a well known farmer's widow of Fulton, near this city, has sued Dr. S. S. Rode, one of the leading physicians of this county, and Dr. E. H. Smith of San Francisco, for \$32,500 damages. Mrs. Barndt sustained a compound fracture of both legs in a runaway accident some months ago. Mrs. Barndt alleges that the physicians did not set her fractured bones properly so that they would knit.

For nineteen weeks Mrs. Barndt alleges she was in the hospital. Recently the physicians sued the Barndt estate for their fees. Mrs. Barndt declares she had to undergo another operation. The physicians repudiate any charge of malpractice.

WIDOW PUTS CLAIM AGAINST ESTATE

ST. LOUIS, June 2.—Mrs. Lillie Busch, widow of Adolphus Busch, has filed a claim of \$2,112,000 against the estate of her husband, according to a decision of the probate court yesterday. The claim represented "sums from time to time placed with Adolphus Busch on open account for care, investment and use by him."

MRS. DE BOLTE IS WITNESS IN LAWSUIT

SAN FRANCISCO, June 2.—Mrs. T. A. de Bolte, daughter of Major Andrew S. Rowan, who carried the message to Garret, was the chief witness yesterday in the divorce suit brought by Mrs. Claire Selby Brown against Harold Brown, a local wholesale milliner.

Mrs. de Bolte has been a close friend of Mrs. Brown for years, and is living with her at the Hotel Bellevue. It was through the family intimacy which followed frequent visits that Mrs. de Bolte became cognizant of the dissensions between the Browns, and to which she testified yesterday.

A scene in the corridor of the hotel when Brown quarreled with his wife and actually used physical violence, was described by Mrs. de Bolte in her testimony in Judge Griffin's court. She said she

FUTURIST DANCE IS PREDICTED BLAME THE IRISH, SAYS ARTIST

AGNES HEALEY, dancer, who says the new dance will have all the dances in the world in it—a futurist medley. She says it'll be invented by the Irish, too.

MISS HEALEY IS HEARD AS ORACLE

Traces the Art of Terpsichore From Greeks to the Can-Can.

LONDON, June 2.—The day of so-called "Classic Dancing" is passing just as the tango and maxixe are now getting tiresome according to London's latest star of terpsichore—and a new dance—a Futurist dance—is to come in its place, so far as the stage is concerned. So declares pretty Agnes Healey, a danseuse, who, at her opening appearances at the Alhambra, has brought London to her feet.

"Stage dancing," declares the danseuse, "began with the strophe and antistrophe of the Greek plays—not dancing at all—and was supposed to have realized its highest form of art in the Can-Can once. That time has passed. The new dances are getting more and more daring and more and more outrageous. I don't know what the future will bring forth—but it'll certainly be startling. Furthermore, it won't be an Indian or Persian dance, but will be famous. It'll be the Irish—you bet! As a matter of fact most of the famous Indian dances of today are Irish. We're proud of it—and watch for the futurist, Irish tango, can-can, maxixe, An-tistrophe combination! It's coming, some day."

Comfortable Feet

Copyright, By LILLIAN RUSSELL.
(By Lillian Russell)

I NEVER was so impressed by the absolute necessity for comfortable footwear as a few days ago while visiting a museum of art. I fell in with a class of school girls studying art. The instructor was most interesting to me. I found myself keeping close to him, hanging upon his words, for he knew all of the paintings thoroughly and loved to describe them.

But out of a class of twelve girls only about four of them seemed interested in the wonderful paintings. So, naturally, I had to find out the reason. After a short observation I discovered the reason in every case was uncomfortable shoes. Heels too high, toes too narrow, or shoes too short. I heard one girl remark: "Rembrandt are all very fine, but I can only appreciate them if I sit on the floor to study them." The girl marked: "I don't know what is sticking into my brain, my heels or my hatpins."

Now, parents pay for the education of girls like that. In many cases they have to deny themselves real necessities to enable the girls to acquire a high-class education. In gratitude to their parents, at least, they should set the most out of every opportunity to learn and to know. Yet they cramp not only their bodies, but their minds for vanity's sake.

When you will learn that a tight shoe is the most dangerous foe to beauty? The blood cannot circulate properly if any part of the body is pinched. A tight shoe can stop the circulation so that the rosiest complexion turns hollow and deathlike. A too high heel throws the body forward out of poise, misplaces the hips and has the power to make the most graceful woman look lame.

It is quite unnecessary to wear a tight shoe as shoes are designed today. A comfortable fit looks far vamping than a tight fit. A long vamp and a moderately high heel appear far more elegant than a short vamp and a high heel. Women who work are obliged to know the necessity for easy shoes. They stand or walk a great deal of the time, so they take no vain chances of jeopardizing their comfort.

Cramped and cold feet are caused by ill fitting shoes. There is one foot bath so simple that few deign to use it, that is simply cold water and salt. Nothing can compare with it for easing and hardening the feet. Try it.

LILLIAN RUSSELL.

the teeth with clear water. If you use peroxide once a month it will whiten the teeth. To cleanse between the teeth use a piece of dental floss. Have your teeth examined every six months and keep them in good condition. Never allow your teeth to decay. The milk teeth you discover a cavity have it filled immediately, for this will cause you less pain and trouble later. If you will send me a stamped, addressed envelope I shall send you instructions on the care of the teeth.

MARIE—This is an excellent tonic for oily hair. Two ounces witch hazel, two ounces alcohol, one ounce distilled water and forty grains resorcin. Apply every night, rubbing it thoroughly into the scalp. Do this for two weeks, then wash with the following lotion: One teaspoonful of cologne, one teaspoonful of orange, one teaspoonful of green soap, one teaspoonful of borax and an egg. Apply the mixture with a brush. This removes the dandruff and thoroughly cleanses the scalp.

F. M.—I am sorry, but I cannot give you a remedy for moles. Do not tamper with them or irritate them in any way, for frequently if injured they cause a growth. I know of nothing that will remove them. You might consult your family physician. I shall be glad to send you the bleach for freckles if you will send me a stamped, addressed envelope.

S. A.—At present I would not advise you to attempt to remedy the trouble without the advice of your family physician. Consult him and get his opinion on the matter, for he understands your case better than I do.

Madame Isebell's Beauty Lesson

LESSON X—PART I.

BREATHING: ITS RELATION TO HEALTH AND BEAUTY.

We all know in a vague way, the effect breathing has on the blood. The lungs are one of the most important organs of the body, and the blood passes for the purpose of oxygenation, or purifying by means of the new air taken in. It is easy to see that, if an insufficient amount of air is taken in by the lungs, this work of purification is only partly done.

IMPROPER BREATHING.

Few women, unless they have been trained in this respect, breathe properly. They rarely fill the entire lung space and, in fact, it is no exaggeration to say that one-half or two-thirds of the lung area is about all that is in use.

Particularly wish to dwell on this point, and its attendant nerve weakening, a result being "nerves" or neurasthenia. The beauty of the skin is largely dependent on the condition of the blood. Such skin troubles as pimples (acne) or eczema, medically speaking, are not blood diseases, but diseases of the skin. At the same time they are largely affected by the condition of the blood. Anything that will affect the temperature of the blood, or the circulation of the blood, or the purity of the blood, will affect the skin. The air being pure than that to which he is accustomed, the oxygenation in the lungs is more complete and the blood more fully nourished. (Lesson X to be continued.)

OUT-OF-DOOR EXERCISE.

Take a factory worker, or a shut out of office, turn him out into the country, subject him to considerable exercise in the open and the color of the skin will improve. This is due to the fact that the body is conscious of changing the condition of breathing or not, the increased amount of physical exercise forces him to take in more air, the air being purer than that to which he is accustomed, the oxygenation in the lungs is more complete and the blood more fully nourished. (Lesson X to be continued.)

Mrs. Isebell.

LILLY HALL CAINE, ACTRESS. IS DEAD

LONDON, June 2.—Lilly Hall Caine, the actress and sister of Neil Caine, died last night. Her husband was the late George D. Caine, dramatic author and actor.

Greatest Event in Woman's Life

All human experience looks back to motherhood as the wonder of wonders.

Fortitude, the sublime faith during the period of expectancy are second only to the mother love bestowed upon the new-born babe.

Most marvelous creation—a baby.

Women are quick to learn from experience.

Whether he is conscious of changing the condition of breathing or not, the increased amount of physical exercise forces him to take in more air, the air being purer than that to which he is accustomed, the oxygenation in the lungs is more complete and the blood more fully nourished. (Lesson X to be continued.)

other those helpful agencies that aid in comfort, and yet are perfectly safe to use, and among these they recommend "Mother's Friend."

It is entirely an external application designed to lubricate the broad, flat muscles and skin that protect the abdomen. It has been in favorable use for nearly half a century and is known to mothers in almost every settled community in the United States who highly recommend it. You will find it on all drug stores. "Mother's Friend" is utterly harmless, contains no dangerous

concealment help.

Get a bottle of "Mother's Friend" to try at any drug store and write to us at any time.

MRS. THOMAS J.

FRANK, a hostess at many delightful affairs. —Fraser Photo.

THERE is something suggestive of Robin Hood and his merry men of Greenwood forest in an affair to be given in Claremont tomorrow. Only the Claremont party will be feminine. But the members will gather under the oaks of the Heimbold place and picnic in Robin Hood fashion on the green sward—wasn't it a sword? And later they will sing, quite in the Robin Hood manner, under the trees.

It is really a luncheon of the Eurydice Club in honor of Miss Florence Roper, who one of the girls that do ten dances and balls and things as well. She is altogether serious about her music and decidedly zipped, as the retiring president of the Eurydice Club should be.

Mrs. Frederick Heimbold is giving the luncheon in the beautiful grounds of her Claremont place and among those present will be Mrs. Mabel Hill Redfield, accompanist for the club, and Mrs. Grayson Burnett Ayers, Mrs. W. M. Jenkins, Miss Ethel Barnes, Miss Hattie Gray and Miss Dorothy Crandall, with a score of other members. Thirty guests will be seated at the rustic round table under the oaks.

After dessert the club will rehearse an operetta to be given in the fall. It is a light comedy of music called "The Dress Rehearsal," and most of the club will appear in it, as principal or among the supernumeraries, so there will be a gallant chorus of voices under the trees.

However, since the Heimbold grounds cover ten acres, the neighbors may not be regarded. Which is too bad for them. There are beautiful voices in the Eurydice Club and genuine talent of the dramatic sort, that has been proved in other operatic efforts.

SAWSTON-FILLMORE WEDDING.

St. Paul's Church will be allied with a handsome affair this evening for the wedding of Miss Paul Sawston and William Haydock Fillmore, that will draw society from both sides of the bay. The attractive little bride, who is the daughter of Mr. and Mrs. Tyler Henshaw, has won many friends with her frank, charming personality, since she came to Oakland to reside, and scores of beautiful gifts have found their way to the Henshaws in Vernon street, to attest her popularity.

Colonel Harrington of Portland, grandfather of the bride, arrived several days ago and will be the guest of his daughter, Mrs. Henshaw, until after the wedding.

House Dresses \$1.25, \$1.45

—Neatly made, well fitting house dresses of good quality percale, gingham and chambray, in stripes, checks, dots, points and plain designs in blue, pink, tan, lavender, black and white.

—They are trimmed with piping, braid, buttons and contrasting colored bands.

—There are high

long and short

round, square and V. In all sizes.

CLAY & COMPANY

CLAY & COMPANY

CLAY & COMPANY

CLAY & COMPANY

The bride's attendants will include her maid of honor, the bridesmaids Miss Florence Henshaw, Miss Anna Sprink, Miss Ida Henshaw and Miss Eleanor Day. The family will remain in England until August, although Mr. Crocker plans to return on a business trip in July. In the fall Miss Ethel Crocker may return to her home, Princess Potemkin, in Paris, without making her annual visit to California.

THE CROCKERS IN LONDON.

Mr. and Mrs. William H. Crocker have leased a house in London for the season and will do much entertaining for their attractive daughter, Miss Ethel Mary Crocker. It is probable that Miss Helen will make her formal debut in London.

The family will remain in England until August, although Mr. Crocker plans to return on a business trip in July. In the fall Miss Ethel Crocker may return to her home, Princess Potemkin, in Paris, without making her annual visit to California.

MISS ISH TO BE A BRIDE.

The wedding of Miss Mabel Ish and Bernard Rosenthal of San Francisco will be a pretty affair in the Blue Room of the Hotel Oakland in the evening of June 10. The room will be decorated with a profusion of pink lilies. There will be 100 guests for the ceremony that is to be performed by Judge Graham of San Francisco, and for the supper to follow.

The bride, who is one of the very attractive girls of Oakland society, will be in one of the soft, new veils. The groom is a well known young man, who will wear his own wedding gown.

Little Miss Marian Ish will be flower girl. Mr. Rosenthal, who is a well known young man of San Francisco, will be attended by his best man. After the honeymoon the young couple will occupy an apartment in San Francisco.

BRIDGE AT HOTEL OAKLAND.

Mrs. Fred Mueller has sent out invitations for a large bridge party to be given at the Hotel Oakland next Saturday afternoon. Ten or twelve tables will be entertained and several friends will assist Mrs. Mueller in the party.

IN THE EAST.

There are at present in St. Louis where they will attend the parent representing a history of progress in the Middle West. From there Miss Moore will go to Kenmore for a brief visit with relatives, and later will go to New York to attend her class reunion at Yassar. Miss Pierce will meet her former classmates at Wellesley, and they plan to return to California early in July.

FORD RECEPTION.

One of the interesting events of the week will be the tea to be given Thursday afternoon by Mrs. Alfred Ford, in honor of the Ford family.

GRADUATES PICNIC.

Members of the graduating class of the Haight School Mothers' Club entertained the graduating class today with a picnic at McKinley Park. A business meeting and installation of officers preceded the picnic, which began before their summer outings. Among those present were Mrs. Geo. K. Ford, Mrs. Paul A. Bender, Mrs. A. Holmes, Mrs. A. O. Smith, Mrs. A. Webster, Mrs. Guy A. Jones, Mrs. C. W. Moore, Mrs. Fred W. Jones, Mrs. Geo. A. Benesman, Mrs. Frank Shrill, Mrs. Agnes Stattenberg, Miss Ruth Olsen and Miss Jean Crocker.

IN ST. HELENA.

Mrs. Robert Bray, with her sister, Mrs. Charles Teggie of Fresno (Marquette), were in St. Helena, where they will remain a month at the St. Gothard Inn.

FAREWELL LUNCHEON.

Mrs. Thomas J. Pearce was hostess at an elaborate luncheon in San Francisco last Saturday, followed by a matinee box party. An artistic gift basket draped with blue tulle and filled with pink roses and lilies of the valley decorated the table, and a gorgeous bouquet of the same flowers lay at each guest's place. This was the last of a series of parties given during the season and was a farewell to the young matrons assembled before their summer outings. Among those present were Mrs. Geo. K. Ford, Mrs. Paul A. Bender, Mrs. A. Holmes, Mrs. A. O. Smith, Mrs. A. Webster, Mrs. Guy A. Jones, Mrs. C. W. Moore, Mrs. Fred W. Jones, Mrs. Geo. A. Benesman, Mrs. Frank Shrill, Mrs. Agnes Stattenberg, Miss Ruth Olsen and Miss Jean Crocker.

VISITING PIERCE HOME.

Mrs. Pearce High (Hazel) Pierce is a guest at the Pierce residence in Oakland, but still at the residence in Oakland, where she will remain until June 10, when she will return to her home in San Francisco.

REBELS VICTORS IN THREE BATTLES

SMALLPOX IS EPIDEMIC IN MEXICO

Nothing Definite Resolved by
Mediators on Constitutional-
ist Representation.

DURANGO, Mex., June 1 (delayed).—Three decisive engagements with Federal troops between Zacatecas and San Luis Potosi were won by the Constitutionalists May 30 and 31, according to reports received today by General Carranza. Colonel Fernando Reyes, with 600 men of the command of General Carranza, who is investing San Luis Potosi, administered a decisive defeat to a large Federal force at Salinas and later also defeated a force sent from San Luis to reinforce the Salinas garrison.

The fighting at Salinas lasted twenty-eight hours, the Federal loss in the battle being forty-six privates and four officers. Fourteen Federal officers who were captured, were executed and thirty-seven privates captured were liberated. The Federal telegraph San Luis Potosi for reinforcements, which did not arrive until after the first battle. They were met outside the town and driven back.

Among the officers executed was Colonel Carlos Chaves, two lieutenant-colonels, one major, four captains and six lieutenants. Colonel Reyes captured two machine guns, 32,000 cartridges, 200 rifles, 123 horses and other munitions. Colonel Catoca, of the command under General Panzillo Natera, investing Zacatecas, captured a Federal troop train at Pinos on May 31, killing several of the Federal's capturing a considerable supply of ammunition and provisions. The escaping Federalists fled to Zacatecas.

Constitutionalist forces operating against Zacatecas and San Luis Potosi are in close touch by wire and are co-operating. General Carranza announced today that he would give a statue of Francisco Madero to the city of Durango.

SMALLPOX AMONG RESIDENTS.
ON BOARD U. S. S. CALIFORNIA, MAZATLAN, June 1, via wireless to San Diego, June 2.—The grim reaper of warfare, sickness, has appeared within the ranks of the constitutionalists in Western Mexico. A smallpox epidemic is reported to be causing havoc with the garrison at Mazatlan, the capital of Sinaloa, situated on the line between this city and Guaymas.

Culiacan is a city of more than 12,000 population and is an important ship depot for contiguous territory. It is connected by rail and with the port of Mazatlan about half way up the coast between this port and Topolobampo. The existence of pestilence there is a drawback to inter-communication between the various constitutionalist forces that compose the division of the north-west.

SEEK TO RELIEVE STARVING.
An attempt to relieve the starving inhabitants of Mazatlan, a general garrison of Mazatlan was frustrated today, when a provision ship General Mena was driven from the harbor with her cargo undischarged. General Oregon, the constitutionalist commander, turned his heavy artillery on the federal steamer with such an effective fire that it was forced to scurry for the open sea.

That the constitutionalists are preparing for an attack on the city of Colima, which is the capital and commercial center of the state, the name, is indicated in information received from Mazatlan today by Admiral Howard. Constitutionalists under Trinidad Alamillo, former governor of Colima, are operating in the vicinity and are said to be drawing their lines around the city.

Colima is the center of the back country which supports Mazatlan. It is only 30 miles from Mazatlan and its occupation by the constitutionalists would effectively isolate that port. Colima is a city of about 25,000 population.

STILL DEADLOCKED.
NIAGARA FALLS, Ont., June 2.—Still deadlocked over the constitutionalists' representation, the Mexican and American mediation delegates were waiting today for more information about the character and ability of certain persons who had been

MRS. MARTIN TAKEN ILL WOMAN PRISONER FAILS

MRS. ISABELLA MARTIN, WHO IS REPORTED TO BE NEAR DEATH AT NAPA INSANE ASYLUM.

Mrs. Isabella J. Martin, the notorious woman dynamiter, who was sentenced to life imprisonment in San Quentin penitentiary for dynamiting the home of Superior Judge Frank E. Ogden in 1907, is lying in a feeble condition in the Napa state asylum, to which she was removed a year ago upon order of the prison directors.

Mrs. Martin was convicted in 1909 for the crime and sentenced by Superior Judge W. S. Wells. The trial of the case brought out a strange story of the woman's life since she came to California in the early 80s.

She took up her home at Twenty-first and West streets, where she lived with her putative son, "Baby" John Martin.

She became incensed at Judge Ogden over fancied wrongs and induced "Baby" John to plant a dynamite bomb under his doorstep. No one was injured by the explosion. Later "Baby" John confessed to the police.

Mrs. Martin conducted her own defense at her second trial and showed a remarkable knowledge of court procedure. She studied law while in jail and made a hard fight to keep out of prison.

arrived in New York today from Bridgeport, Conn., will not be allowed to leave this port. Although it was stated at the customs house no instructions had been received from Washington, officials said it was probable that the vessel would be refused clearance papers.

NO STEAMER INSTRUCTIONS.
BERLIN, June 2.—No instructions in connection with the steamers Ypiranga and Bavaria, fined for landing at Puerto Mexico arms and ammunition for Huerta, have been given by the German foreign office to Count Von Bernstorff, German ambassador to the United States.

This official statement was made today, but it was added that the cases are under investigation and may later be the subject of negotiations with Washington. A published report that Germany had protested against the penalization of the vessels was denied officially.

WOULD SAVE HONOR.
MEXICO CITY, June 2.—A semi-official note relating to the mediation conference at Niagara Falls was published under a prominent heading in El Imparcial today. It says:

"We can give the assurance that the peace conferences are on the good road and that conciliation between the mediators and delegates must be based on respect of our sovereignty and to the dignity of the Mexican nation. The public will know all in two or three days and our readers will then recognize that we speak the truth when we declare that our honor and dignity will be saved."

REFUGEES ARRIVE.
TAMPICO, Mexico, June 1 (by way of Brownsville, Tex., June 2).—The United States transport Hancock today arrived with 270 returning refugees, who were transferred outside the port to the collier Lebanon and then landed in this city. Most of them were men interested in the oil industry and seek to resume their occupation.

The acute scarcity of currency is gravely affecting all business interests here. It is impossible to obtain sufficient bills, either national or Constitutional, for payment of employees and there is practically no small change in circulation. Owing to the small number of bills in the city the

been reduced here to two pesos for one American dollar.

AMMUNITION HELD UP.
NEW YORK, June 2.—Five hundred tons of ammunition ordered by the Mexican Constitutionalists, which

arrived in New York today from Bridgeport, Conn., will not be allowed to leave this port. Although it was stated at the customs house no instructions had been received from Washington, officials said it was probable that the vessel would be refused clearance papers.

TAMPICO, Mexico, June 1 (by way of Brownsville, Tex., June 2).—The United States transport Hancock today arrived with 270 returning refugees, who were transferred outside the port to the collier Lebanon and then landed in this city. Most of them were men interested in the oil industry and seek to resume their occupation.

The acute scarcity of currency is gravely affecting all business interests here. It is impossible to obtain sufficient bills, either national or Constitutional, for payment of employees and there is practically no small change in circulation. Owing to the small number of bills in the city the

been reduced here to two pesos for one American dollar.

AMMUNITION HELD UP.
NEW YORK, June 2.—Five hundred tons of ammunition ordered by the Mexican Constitutionalists, which

arrived in New York today from Bridgeport, Conn., will not be allowed to leave this port. Although it was stated at the customs house no instructions had been received from Washington, officials said it was probable that the vessel would be refused clearance papers.

NO STEAMER INSTRUCTIONS.
BERLIN, June 2.—No instructions in connection with the steamers Ypiranga and Bavaria, fined for landing at Puerto Mexico arms and ammunition for Huerta, have been given by the German foreign office to Count Von Bernstorff, German ambassador to the United States.

This official statement was made today, but it was added that the cases are under investigation and may later be the subject of negotiations with Washington. A published report that Germany had protested against the penalization of the vessels was denied officially.

WOULD SAVE HONOR.
MEXICO CITY, June 2.—A semi-official note relating to the mediation conference at Niagara Falls was published under a prominent heading in El Imparcial today. It says:

"We can give the assurance that the peace conferences are on the good road and that conciliation between the mediators and delegates must be based on respect of our sovereignty and to the dignity of the Mexican nation. The public will know all in two or three days and our readers will then recognize that we speak the truth when we declare that our honor and dignity will be saved."

REFUGEES ARRIVE.
TAMPICO, Mexico, June 1 (by way of Brownsville, Tex., June 2).—The United States transport Hancock today arrived with 270 returning refugees, who were transferred outside the port to the collier Lebanon and then landed in this city. Most of them were men interested in the oil industry and seek to resume their occupation.

The acute scarcity of currency is gravely affecting all business interests here. It is impossible to obtain sufficient bills, either national or Constitutional, for payment of employees and there is practically no small change in circulation. Owing to the small number of bills in the city the

been reduced here to two pesos for one American dollar.

ROMANCE ENDS IN SUIT FOR \$250,000

Millionaire's Daughter Leaves
Husband, Who Demands
Damages From Sire.

CHICAGO, June 2.—That Max Frederick Kleist Gardner, who married Juliet, daughter of Edward N. Breitung, the millionaire mine and business man, as the result of a summer romance at Marquette, Mich., has sued Breitung at White Plains, N. Y. for \$250,000 damages, for alleged alienation of the affections of Mrs. Kleist, became known here today in dispatches from White Plains, N. Y.

The dispatches said that part of the suit, including the young woman's mother as co-defendant, were residents of different states, and for that reason the case was transferred yesterday from the state to the federal courts.

Kleist alleges the Breitung's poisoned the mind of their daughter against him. Breitung said today the charges were untrue and that his daughter was free to return to Kleist any time she wants to.

HINDUS START RIOT

Detained on Steamer 10 Days,
100 Mutiny on Board and
Attack Guards.

VANCOUVER, B. C., June 2.—Restless at being kept on board the Japanese steamer Komakata Maru at anchor a half mile from the shore of the land they started a riot. They attacked the British and although the officers were armed, they submitted to the angry East Indians, and were rushed down the gangway into a guard launch alongside.

William Brown, a member of a squad of city police had hurried in automobiles to the wharf and Chief Immigration Inspector Reid and thirty armed constables went aboard. To them the leader of the Hindu party explained that his men had mutinied because their landing had been delayed ten days.

The inspector and his men came ashore, but ten armed with rifles, were assigned to maintain patrol aboard a launch around the ship all night.

The admission of 600 Chinese who arrived by the Empress of Russia on Saturday, it was thought, angered the Hindus, who considered that as British subjects they had rights of entry ahead of the Chinese.

To Give \$25,000 for Y. W. C. A. Building

NIAGARA FALLS, June 2.—Mrs. C. A. Miles has intimated her intention of donating \$25,000 to start a Y. W. C. A. building to build a Y. W. C. A. building in San Jose. Mrs. Miles started a fund for a Y. M. C. A. building a few years ago with a similar gift and \$111,000 was raised.

With a deep interest in work among the young people Mrs. Miles, who is a member of one of the leading pioneer families of the state, has done much to promote the welfare of public institutions for young men and women by her benefactions. San Jose in particular has claimed her attention and it is her ambition that the city shall have a Y. W. C. A. building second to none in the state.

It is felt that with such a munificent gift as a nucleus fund there will be a little difficulty in raising the amount necessary for the new institution.

Would Avoid Burden On National Banks

WASHINGTON, June 2.—Representatives of clearing houses in the principal cities of the East and Middle Western states were here today for a conference at which a petition was to be prepared requesting John Skelton Williams, secretary of the currency, to modify reports which he has asked from all national banks calling for data relative to nearly every transaction occurring during June. The information sought by the controller is wanted primarily for the benefit of the reserve banks not being organized in the twelve regional districts. It is contended by the bankers that compliance with the controller's request would entail an unnecessary burden upon the forces of the banking houses.

Negro Colonists Off For African Coast

PORTLAND, Me., June 2.—Chief Sam's steamer Liberia, cleared today for Salt Lake City. It is planned to found a colony of American negroes. The ship will call at Galveston, Texas, for one hundred Oklahoma negroes.

Chief Sam and many of his followers are members of the Holy Ghost and Us Societies.

To Crown Yoshihito In November, 1915

TOKIO, June 2.—The coronation of Emperor Yoshihito has been set for November, 1915. Originally the coronation was to have taken place next November, but a postponement was made necessary by the death of the dowager empress.

BERKELEYAN FOR U. S. JOB TO BE LANE'S ASSISTANT

Mark Daniels Named as
Successor of Former
U. C. Professor

BERKELEY, June 2.—Casting about to refill the vacancy in the

Franklin K. Lane has again hit upon a Berkeley man, Washington news being to the effect that he has decided to appoint Mark Daniels of the assistant secretaryship caused by the removal of Professor Adolph C. Miller to the federal reserve board. Professor Miller was of the university faculty. His successor is also a state university man, a graduate in the class of 1905.

Mrs. Daniels is a young woman today at her home in Thousand Oaks confirmatory of the honor supposed to have come to her husband. She stated this morning that the report of his appointment was apparently true, as he had informed her previously of its possibility. She desired receipt of a telegram from him, which she expected today, before finally confirming the report.

Mark Daniels has had a busy few years since he was graduated from the university, where he was manager of his class Blue and Gold. In Plumas county he superintended a placer mine, leaving that for the engineering department of the Southern Pacific Company. Then he was assistant city engineer at Polach, Idaho, returning to San Francisco afterward to open his own offices in that city.

In turn he was retained by the Spring Valley Water Company, Sutter county, Crocker properties and Thousand Oaks Company in Berkeley to execute boulevard and development systems for them. He developed an irrigation system in Butte county and served as chief engineer for the Monterey, Fresno and Eastern railroad. In early April he was directed by Secretary Lane to map out improvement plans for Yosemite valley on landscape engineering lines.

They came the call East. Daniels hastened to Washington to confer with Secretary Lane and President Wilson relative to the appointment.

Professor Miller, whom Daniels is slated to succeed, was formerly flood professor of economics in the University of California.

Postal Courtship To End in Wedding

MELROSE, June 2.—Following a postal courtship, in which many love missives have been exchanged across the continent for two years, Antonio de Souza, a merchant of Melrose, has gone East to claim his bride. He will be married to Miss Josephine Constantine Brown of Bedford, Mass., and will return to Melrose with his bride after the honeymoon.

The wedding is the culmination of a courtship of several years. The couple parted in the East. De Souza, coming to California. They have not seen each other since, although they have exchanged letters. Finally, a proposal by mail, acceptance by mail, and an engagement ring by parcels post completed the love story and the prospective bridegroom is now speeding East. His mother, Mrs. Mariana P. de Souza, will attend the ceremony.

There was a considerable sum of money as well as a large collection of letters in the building. A police watch will be kept on the building hereafter.

An attempted robbery was also reported last night by A. Pellegrini, 919 Fifth street, who declares that thieves attempted to enter his saloon. Marks of a "jimmie" were found on the window

Intercepted in the name of a time to a night watchman, two thieves were prevented early this morning from perpetrating a daring robbery in the Southern Pacific ticket office at First street and Broadway. The men had "jimmied" the windows of the ticket office and were about to enter when Antonio Maarta, the railroad watchman, appeared on the scene. The men fled. Maarta declares that there were two of them. He caught a fleeting glimpse as they vanished in the darkness of the water front. Investigation later disclosed traces of the attempted robbery. Although the police scoured the neighborhood, no trace of the thieves was found.

Maarta declares that he was going his rounds at about 3:10 this morning, and as he neared the station heard the sound of running footsteps. He started to investigate when the two men, at a swift run, came about the corner of the building and disappeared toward Water street. He gave chase, but lost track of the men, so returned to investigate.

There was a considerable sum of money as well as a large collection of letters in the building. A police watch will be kept on the building hereafter.

An attempted robbery was also reported last night by A. Pellegrini, 919 Fifth street, who declares that thieves attempted to enter his saloon. Marks of a "jimmie" were found on the window

Boy Wounds Himself With Forbidden Toy

Toying with a revolver left in the house by his parents yesterday, Leslie Anderson, child of Mr. and Mrs. A. S. Anderson, of Broadmoor, near San Leandro, discharged the weapon and was seriously wounded by the bullet, which plowed through his thigh.

The child was weak from loss of blood. He was rushed to San Leandro, where Dr. Michel administered treatment.

The family had left the child in the dining room. Looking about for a plaything, he came upon the pistol, which lay loaded in a drawer.

Bryan to Lecture on Chautauqua Circuit

WASHINGTON, June 2.—Secretary Bryan announced yesterday that if public business permitted, he would spend part of his vacation this year lecturing on the Chautauqua circuit, as he did last. Mr. Bryan's first lecture will be delivered in North Carolina July 4.

WASHINGTON, June 2.—Representatives of clearing houses in the principal cities of the East and Middle Western states were here today for a conference at which a petition was to be prepared requesting John Skelton Williams, secretary of the currency, to modify reports which he has asked from all national banks calling for data relative to nearly every transaction occurring during June. The information sought by the controller is wanted primarily for the benefit of the reserve banks not being organized in the twelve regional districts. It is contended by the bankers that compliance with the controller's request would entail an unnecessary burden upon the forces of the banking houses.

PORTLAND, Me., June 2.—Chief Sam's steamer Liberia, cleared today for Salt Lake City. It is planned to found a colony of American negroes. The ship will call at Galveston, Texas, for one hundred Oklahoma negroes.

Chief Sam and many of his followers are members of the Holy Ghost and Us Societies.

TOKIO, June 2.—The coronation of Emperor Yoshihito has been set for November, 1915. Originally the coronation was to have taken place next November, but a postponement was made necessary by the death of the dowager empress.

CHICAGO, June 2.—That Max Frederick Kleist Gardner, who married Juliet, daughter of Edward N. Breitung, the millionaire mine and business man, as the result of a summer romance at Marquette, Mich., has sued Breitung at White Plains, N. Y. for \$250,000 damages, for alleged alienation of the affections of Mrs. Kleist, became known here today in dispatches from White Plains, N. Y.

The dispatches said that part of the suit, including the young woman's mother as co-defendant, were residents of different states, and for that reason the case was transferred yesterday from the state to the federal courts.

Kleist alleges the Breitung's poisoned the mind of their daughter against him. Breitung said today the charges were untrue and that his daughter was free to return to Kleist any time she wants to.

SUFFRAGETTES RIOTERS AT MEETING

Ejected From Lloyd George
Gathering, They Break
Store Windows.

CRICCIET, Wales, June 2.—Suffragettes visited today in force the constituency of David Lloyd George. They then paraded the main street, shattering with hammers windows in many stores and residences. Eventually the police arrested half a dozen of them.

NOTICE OF APPLICATION FOR
CHANGE OF NAME.

In the Superior Court of the State

In the matter of the application of **FRANCISCO - OAKLAND TERMINAL RAILWAYS**, a corporation, for change of name to **THE CALIFORNIA RAILWAYS COMPANY**, the **FRANCISCO - OAKLAND TERMINAL RAILWAYS**, petitioner.
No. 43067. Dept. 1.

Upon reading the verified petition of **San Francisco Terminal Railways**, which was filed in the above entitled court on the 10th day of May, 1914, praying for a decree changing the name of said corporation to **FRANCISCO - OAKLAND TERMINAL RAILWAYS** to **THE CALIFORNIA RAILWAYS COMPANY**, which said verified petition is in the following words to-wit:

In the matter of the petition of **FRANCISCO - OAKLAND TERMINAL RAILWAYS**, a corporation, for change of name to **THE CALIFORNIA RAILWAYS COMPANY**, the **FRANCISCO - OAKLAND TERMINAL RAILWAYS**, petitioner.

RAILWAYS, a corporation, for change
name to THE CALIFORNIA RAILWAY
COMPANY. San Francisco - Oakland
Terminal Railways, petitioner.
No. 42067. Dept. 1.

The petition of San Francisco-Oakland
Terminal Railways respectfully shows:
That petitioner is a private corporation
duly incorporated under the laws of the
State of California on the twenty-first day
of March, 1912, and that it originally filed
its Articles of Incorporation in the office

state of California, on said date; that same were duly recorded by him and that a certified copy thereof was on the twenty-third day of March, 1912, filed with the Secretary of the said State of California; that said corporation is located and has its principal place of business in the City of Oakland, County of Alameda, State of California, and the greater part

That the present name of petitioner is **SAN FRANCISCO - OAKLAND TERMINAL RAILWAYS** and that your petitioner desires to take and assume another name than that now held by it and the name which it proposes to take is **assume is THE CALIFORNIA RAILWAYS COMPANY**;

such change of name are as follows:
wit: The present name is cumbersome and
inconvenient in being a hyphenated
combination of the names of two cities and
suggests the transaction of petitioners
business as between San Francisco and
Oakland only, whereas petitioner is en-
gaged extensively in the railway business
throughout the County of Alameda and
the County of Contra Costa; the proposed
name is

That this petition has been authorized by a resolution passed by a majority vote of its Board of Directors and assented to in writing by stockholders representing over two-thirds of the subscribed capital stock of petitioner; that the number of Directors of said corporation, petitioner, is seven, and that a majority said Directors to-wit: Elva have auth-

That the name proposed to be used by petitioner is not the corporate name of any corporation organized under the laws of this State or under the laws of any other State and doing business within this State, and said name does not closely resemble the name of any existing corporation as will tend to

Wherefore, petitioner prays that Court make its order appointing a time and place for the hearing of this application and providing for the publication of notice of the time and place of hearing and that upon said hearing its name be changed from SAN FRANCISCO-OAKLAND TERMINAL RAILWAYS TO THE CALIFORNIA RAILWAYS COMPANY.

Dated: May 15th, 1914.

W. H. SMITH, GEO. W. MORDECAI,
Attorneys for Petitioner.
It is hereby ordered, that the said

194d petition be set for hearing on
25th day of June, 1914, at the hour of
o'clock A. M. of said day, at the court-
of this court, Department Number 1 the
of in the Court House situated on Be-
way, between Fourth and Fifth streets
the City of Oakland, County of Alameda,
State of California, and that all persons
interested in said matter appear be-
the above entitled court at said time
place to show cause, if any they have
why the said petition should not

And it is further ordered, that a copy of this order be published for four consecutive weeks prior to the date set for the hearing of said petition in the Oakland Tribune, a newspaper of general circulation printed in the City of Oakland, County of Alameda, State of California.

where the principal place of business of the petitioner is located.

Dated this 26th day of May, 1914.

T. W. HARRIS,
Judge of the Superior Court.

SEALED BIDS,

Sealed bids will be received at the
office of the Comptroller, University of
California, Berkeley, Cal., at or before
A. M. Thursday, June 11, 1914, for
construction of the Hearst Hall and
courts on the grounds of the Univer-

of California, Berkeley, as per plans
specifications on file at said office. A
post of \$5 will be required for each
of plans and specifications, which will
be refunded upon return of said plans
specifications.

MOTORING GOSSIP OF AUTO CIRCLES

Lake County Tour Is Made on Cost of Ninety Cents With Auto.

(By EDMUND CRINNION.)
After having rambled up and over the hills on the Lake county tour during the two days of the auto circles, H. M. Strong, of the Lake county company, returned to the city on Sunday night with the record of having made the tour at a cost of ninety cents per car and return. On a total expenditure of the car of 90 cents worth of gasoline, Strong relates an amusing incident on the trip which was the cause of some twenty or more of the auto circles arriving at the Martinez ferry ship first boat across to Benicia. There was also some 50 or 60 other autos in line for the same boat. After the ferry was loaded with the usual capacity of autos, the deckhands allowed him to take his light Metz roadster on the apron of the boat and ride across on it while the

other autos waited. Strong says that he was very much amused at the coming and waiting of the autos. MARTINEZ ROAD IS GOOD.
W. L. Webber, manager of the Don Lee Cadillac branch house in Oakland, reports the driving of his car on the Martinez road to be in good condition for touring, according to the advice received by him from Traylor Bell, who is in company with Mrs. Bell and her son, in en route to Dunsmuir in his Cadillac. The Bell family will be gone for a couple of days.

The car is equipped with full camping paraphernalia and both Mr. and Mrs. Bell expect to enter the Dunsmuir region as famous.

DEER HUNTING.
Deer hunting in Florida is not a new sport in any sense, but the method recently employed by John H. Snyder, of Beaver, Pa., proved a decided innovation to the natives of the Everglades. Snyder, who is a hunter of the old school, has been successful in obtaining the elusive buck. The Snyder brothers are overland dealers in their home town, and Snyder has been successful in obtaining the elusive buck. The Snyder brothers are overland dealers in their home town, and Snyder has been successful in obtaining the elusive buck.

HEAVY CARS MAKE BEST RECORDS.
The fact that the relation of weight to speed is a constant is a well-known fact. In the list of prize winners announced by the Auto-Club of America, the heavy cars have made the best records. The heavy cars have made the best records. The heavy cars have made the best records.

SIXTY-SIX YEARS OLD, BUT HELD FOR BATTERY
Honus Chis, 66 years of age, will be tried by Police Judge Mortimer Smith on a charge of battery preferred by Mrs. Joel Chis, the result of a family quarrel. He was arrested last night by Patrolman Collett at the family home, 3520 Wrigley avenue.

UNVEIL MONUMENT TO BOMBARDMENT OF LEWES
LEWES, Del., June 2.—The citizens of Lewes and vicinity unveiled today a monument commemorating the bombardment of Lewes by a British fleet during the war of 1812. The exercises were held under the auspices of the National Society, Daughters of the War of 1812. The bombardment by the vessels of the British blockading squadron occurred in April, 1813, because the townspeople refused to supply the vessels with food. The defense by Delaware troops caused more damage to the vessels than the latter inflicted on the town. It is a local tradition that the only victims on shore were a cow, a pig and a chicken.

"COBBLERS' TRUST IS UNDER FIRE IN COURT
BOSTON, June 2.—Final arguments in the government's suit to dissolve the United Shoe Machinery Company as an unlawful monopoly under the Sherman anti-trust law were begun today.

W. C. T. U. OF ALAMEDA CO. TO HOLD INSTITUTE
An institute of the Alameda County Woman's Christian Temperance Union will be held Thursday and Friday in the First Baptist church of this city, where Mrs. Addie Estes, state vice-president of the Woman's Christian Temperance Union, will act as leader. Mrs. Hattie McMath will preside. On Thursday afternoon Mrs. Estes will be the principal speaker. Throughout the institute topics of interest will be discussed. The sessions will be open to the public.

POISON CANDY MAILER
PORTLAND, Ore., June 2.—Mrs. Ethel Edna Hawley, who was arrested last March after she had confessed having sent poisoned candy through the mails to her three stepchildren, was yesterday

her was dropped. All of the children to whom Mrs. Hawley sent the poisoned candy escaped death by mercurial accident. The woman gave as a reason for her act that she had been driven to it by the children.

TO ORGANIZE OAKLAND FARM BUREAU CENTER

There will be a meeting Thursday, June 4, at 2 p. m. in the rooms of the Oakland Chamber of Commerce of those interested in the organization of a local center of the Alameda County Farm Bureau. All residents of Oakland who are interested in farming, fruit growing, gardening, floral culture, stock breeding and poultry raising are invited to attend.

Application has been filed for the appointment of a farm adviser for Alameda county. This meeting is held for the purpose of electing a local representative on the board of directors of the Farm Bureau.

The formation of a local center will mean that when the farm adviser is appointed, this will be one of the points where he may be consulted by persons who have any farm problems to solve and where advice will be given with regard to crops, pruning, marketing and other matters of farm administration and economy.

Local centers have been organized in Murray, Pleasanton, Washington and Eden Townships and are set to be formed in Oakland, Berkeley and Alameda Townships.

The cost of membership is one dollar a year and a general invitation is extended to all parties interested and to all who desire to encourage the organization to attend this meeting.

FOOTPADS REFUSE HIS MONOGRAM TIMEPIECE

Charles Stranger, 354 Fifty-first street, this morning reported to the police that footpads had held him up near his home last night, robbing him of \$20 in coin. He said that the men stepped from behind a pile of lumber and put a revolver to his head. His watch, which bore a monogram, they tossed back to him.

Dorothy Bastian, 17 years of age employed as a domestic by Mrs. L. F. Trumbull of 101 Ramona avenue, was today reported to the police by her employer. The girl had left the house for several nights, and on her return failed to explain her absence.

The case was turned over to the probation office.

DIVISION CHIEF MADE MINISTER TO HONDURAS

WASHINGTON, June 2.—The President today nominated Ross C. Lane of New Mexico, now chief of the division of Latin-American Affairs, department of State, to be Minister to Honduras.

Special Furniture Announcement

We inaugurate next Friday, June 5th, at 9:30 a. m., the greatest sale of Furniture, Rugs, Carpets, Bedding, Draperies, etc., that we have ever held.

The values will be so EXTRAORDINARY, the prices so astonishingly low, the terms so wonderfully easy that we recommend to our customers and to all the buying public of Oakland and vicinity that they postpone buying Home furnishings until Friday.

See this paper tomorrow for further information

13TH AND FRANKLIN STREETS, OAKLAND.

RELIEF FUND FOR TEACHERS IS PLAN

Emergency Loan Resources to Be Increased by Concert Thursday.

One of the latest movements which is engrossing the attention of the School Women's club of Oakland, is the establishment of an emergency loan fund, intended to serve the needs of such teachers as may need temporary financial relief. It is to be managed on a business basis. All accruing profits are to be turned into the fund, thereby making it possible to increase, from year to year, the opportunities for rendering assistance.

The teacher who can by a little financial assistance through legitimate channels, obtain needed medical or surgical relief, or freedom from anxiety, reflects her improved condition in the school room, to the betterment of all concerned.

CONCERT TO AID FUND.
A concert at Chabot hall next Thursday evening is to be given under the management of the School Women's club of Oakland, and the proceeds are to form the nucleus of this loan fund. Professional talent has been secured.

Following is the program:
Piano solo, "Witch's Dance".....McDonald
Miss Roxana Weihe.
Tutor solo.....Cadman
(a) "Circles of Life".....Lardon Rorald
Maurice Auger

Suffragists to Trail 'Antis' in Montana

NEW YORK, June 2.—Miss Marie Dorman, secretary of the Women's Anti-Suffrage League, who left on Sunday for Montana to take part in the campaign against vote for women there this summer, will find plenty of opposition from Eastern suffragists, who plan to start this week on her trail. Miss Ida Craft, who won the title of "colonel" in the army of Miss (General) Rosalie Jones on hikes to Albany and Washington, will start for Montana on Saturday. Miss Jones started for the West last week, but planned to stop at several cities on the way.

Miss Dorman will work out of the Anti-Suffrage Society headquarters at Reno, Nev. She and Miss Clara Markson and Miss Maud Johnson will join for a speech-making campaign through Montana.

TEACHERS STUDY MUNICH SCHOOLS

Famous Vocational System May Be Adopted in American States.

BERLIN, June 2.—Thirty-two American teachers representing the leading American trade schools and headed by L. L. Sumner, have arrived at Munich to study the famous vocational system of that city. The results of their study and investigation will be embodied in a report for American educational authorities together with a practical application in their home schools of the new features learned in Munich.

The Munich Vocational Schools have attracted world-wide attention, although comparatively recently established. They provide a "practical education" in sharp contrast to the "bookish" schools of Germany.

Instead of starting with books and theories and committing the mind for years, the Munich Vocational schools start boys in practical technical and manual training in the trade or vocation they choose and combine with it a course in general education. Thus hands and mind are trained simultaneously for the trade or vocation to be followed.

Dr. George M. Kerschenshtorfer, known as "father" of the vocational schools of Munich declared in an interview that nowadays brains were being "over-educated" to a point rendering thousands of young men useless for practical work. The German youth, he said, lack practical education. German young men seek "small but safe harbors" and prefer small subordinate positions in the employ of the state, when they could do much better for themselves had they been practically educated and not "educated above and beyond" such work.

PRaises AMERICAN METHODS.
"From a standpoint of practical education and fitting boys for business or to make their own livelihood, the American schools are better than German systems with the exception of the Munich Vocational Schools," said Dr. Kerschenshtorfer, "the American system is better than the German system as to as to direct the inclination of scholars into practical channels. A love for practical work is fostered in the home."

"German schools, generally speaking, drive away from practical activity instead of storing in that direction. How can anyone who for six years or longer in the higher schools and have been fed on nothing but books and works, find practical education a workshop and work with his hands."

"What some of intelligence are thus lost to independent economic life. We Germans have a right to praise ourselves for having given to the world public schools but we no longer should clothe ourselves in the toga of the Praeceptor mundi. No people in the world are wiser than the Germans for their schools as do the Americans."

Discussing the lack of religious and moral instruction in American public schools Dr. Kerschenshtorfer said he believed that it deprived children of an educational element truly valuable when given by rightly imbued teachers.

NON-SECTARIAN PLANTS.
On the other hand, he said that
